FALLING HAIR RESTORED
After I was taken ill my hair commenced to fall, and turned gray rapidly. I commenced to use CUTICURA. The scalp became healthier and more natural every day. Now I have a crop of fine brown hair all over my head about an inch and a half in length. My nurse is delighted because the new hairs are brown. I never had very luxuriant hair, even in my youth. It is as thick on my head to-day as it ever was, and CUTICURA did it.

SITUATION IS GRAVE

So Regarded by Parisian Press and Public.

Zurlinden's Prosecution of Picquart a Danger.

Civil and Military Authorities in Acute Conflict.

The Political Atmosphere Surcharged With Dangerous Electricity, Generated by the Dreyfus Affair.

PARIS, Sept. 22.—The situation here is generally admitted to be grave by both press and people. The conflict between the civil and military authorities is becoming acute. The sudden and unexpected action of General Zurlinden, the military governor of Paris, in prosecuting Colonel Picquart on the charge of forgery and using forged documents assumes a grave aspect on account of the circumstances attending this intervention of the military authorities in a civil court. At the present moment, when the political atmosphere is surcharged with dangerous electricity generated by the Dreyfus affair, the general, who has just quitted the cabinet, in defiance of civil authority, takes without consulting his successor of the premier, an important case.

In ordinary circumstances the military governor is empowered to act independently; but, now that the Dreyfus question has become a great national matter, every proceeding in the affair has state importance.

General Zurlinden's ignorance of this obvious fact is very significant.

BUT A STEP TO DICTATORSHIP.

He comes forward as the defender of the army, the prosecutor of its supposed calumniators and the resolute opponent of a revision of the case. From this to an appeal to the public in the line of the establishment of a dictatorship there is no wide step.

The Soliel says that owing to yesterday's events, the cabinet, at an informal conference discussed General Zurlinden's action, and the Fronde even asserts that the premier, M. Brisson, disavows the measures taken against Picquart, which he says were instituted without the knowledge of the cabinet.

The Madical makes a bitter attack on the general staff, which it charges with aiming at the moral assassination of Picquart through a secret military trial.

Henri Rochefort, in his paper, the Intransigent, remarks that Picquart was bribed by a syndicate or by Germany to save Dreyfus.

Gaures, the socialist deputy in the Petite Republique, maintains that the general staff of the French army cannot now escape the full light of a revision of the Dreyfus case.

SCHOONER WRECKED.

Crew of the C. C. Funk Lost off Filnders Island.

SAN FRANCISCO, Sept. 22.—Australian papers received here on the steamer Alameda report the wreck of the schooner C. C. Funk, on Flinders island, on July 31, with ten of her crew, all of whom shipped on the well known coaster either here or in the north. Only two seamen, Albert Krough and John Peterson, were saved, and but one body had been recovered when the Alameda sailed.

It was that of Peter Neilson. The list of the drowned is as follows:

Captain and Mrs. Nessen and two children, aged eight and five years respectively; A. Hansen, chief mate; J. S. Stump, second mate; Charles Olsen, Peter Neilson, Chas. Johnson, Peter Anton, able seamen.

The vessel was driven ashore by a gale and went to pieces in the surf.

LEITER AS HOTEL MANAGER.

Chicago Men Said to be Negotiating for the Holland House.

NEW YORK, Sept. 22.—Is Joe Leiter to make another lightning transformation and blossom out as the proprietor of a hotel? Rumor has it that he and F. W. Rice have secured an interest in the Holland house and that shortly they will take an active hand in the management of the place.

At the Holland house ignorance is professed regarding the intentions of the Chicago men or the desire of the present owners to sell some of their holdings. It is said in other places, however, that the deal has practically been completed. It has been rumored for some time that Mrs. Angie Kinsley, the chief owner of the hotel, is anxious to dispose of a part of her stock. Before his death her husband was known as the proprietor of the swellest restaurant in Chicago.

BEN, THE MISSING LINK.

New York Interested in a Visitor Just Arrived From Java.

NEW YORK, Sept. 22.—The missing link, or his near relative, arrived yesterday on the British steamship Indrani, from Borneo. Ben, as he is called, is the property of Captain Theophilus Trotter, commander of the Indrani, and his chief engineer, John Drew. They bought him for a song from a woman in Java, who had made him a domestic pet.

Ben is a little more than two and a half feet high and he has legs and arms that are longer by half than his slender body. Like all of his kind, Ben never uses his hands in walking, but stalks along in an upright position, with his broad shoulders well braced back. His face is ebony and looks very human.

The coarse, dark brown hair that covers his body is sparse on his arms and legs, but grows low on his forehead, which shows not more than two inches of bare skin.

His eyebrows are arched above a pair of big brown, kind-looking eyes, which lack entirely the cunning look that is usual among members of the monkey tribe. These eyes are mild in their expression—as mild and bland as those of a Mongolian. The nose favors the human animal. The chin recedes, but not more so, as Captain Trotter asserted, than some of the human apes seen in civilized countries. On the voyage Ben became a thorough sailor, and not one of the tars can climb to the masthead any quicker than he.

HONEICK ACQUITTED.

Jury Finds That He Did Not Assault C. A. Hays.

Charles Osborne Pleaded Guilty to Entering Sealed Cars and Was Sent to the Reformatory.

Judge O'Rourke and jury this morning heard the evidence in the case against William Honeick, appealed from the justice's court, in which the defendant had been fined for committing an assault and battery on Charles A. Hays, the attorney. The jury was not long in reaching a verdict finding for Honeick and so reported to the court at noon.

Charles Osborne, the lad arrested for entering a Wabash freight car, pleaded guilty to breaking the seal on a car and was sentenced to serve from one to three years in the Jeffersonville reformatory.

NO DAYS OF GRACE.

Spain Must Evacuate Cuba With All Expedition.

Request for More Time Will Not be Granted.

American Troops Preparing to Occupy the Island.

Spain Wants Until Next Spring to Get Away--More Spanish Soldiers Sail From Porto Rico.

WASHINGTON, Sept. 22.—It is stated that the war department has received no detailed reports or any information from the Cuban military commission regarding the work of the commission at Havana.

In reply to the question as to whether there was any disposition to accede to the request of the Spaniards for a postponement of the evacuation of Cuba until some time next spring, the statement was made that no delay would be considered, so that the evacuation must proceed with expedition, and that the troops of the United States were now being put in readiness for the occupation of Cuba and would be sent there.

No definite date has been fixed for their departure.

EVACUATION OF PORTO RICO.

SAN JUAN, Island of Porto Rico, Sept. 21 (delayed in transmission).—The Spanish transport San Francisco sailed for Spain today. There was a repetition of yesterday's scene when the Asturias battalion of Spanish troops marched to the wharf of embarkation. Captain General Macias and his staff reviewed the departing soldiers, who bade farewell to their sweethearts and wives. Some of the soldiers wept profusely, and there was quite a pathetic aspect to the affair. As the ship swung away from the pier the soldiers on board of her raised a faint cheer and the women proceeded to the sea wall, where they stood for hours waiving their handkerchiefs until the San Francisco was only a speck on the horizon.

The Spaniards, at the meetings of the military commissions, are raising many questions regarding the civil administration of the island and the disposition of public property; but the American commissioners refuse to discuss them as being beyond their jurisdiction. Our commissioners are disposed to allow the Spaniards to carry off a lot of useless, old material, rather than make a fight to retain it.

The United States steamer Supply is here, bound for Santiago.

CERVERA REACHES MADRID.

MADRID, Sept. 22.—Admiral Cervera arrived here today. There were no incidents worth noting in connection with his arrival at the capital.

ALGER BLAMES THE COMMANDERS.

ATLANTA, Ga., Sept. 22.—The Atlanta Journal publishes an article dated at Knoxville, Tenn., and quoting General Alger, secretary of war, as follows:

"I came here to visit this camp with the purpose of acquainting myself with the conditions and to see for myself just how the troops are faring and to hear from the officers any recommendations which they think will benefit the camp. I want to hear what the commanders have to say about division and regimental hospitals, more especially. There has been a great deal of talk about the condition of the camps and hospitals. I want to say that had the war department been acquainted with the conditions said to have existed at Chickamauga the troops there would have been moved long before they were. We received only good reports at Washington from the commanding officers, and it was supposed that the outside reports were exaggerated. The commanders of camps are responsible for the condition of their camps, and if the men are not well cared for and if the hospital and sanitary conditions are bad the commanding officers must answer for it.

"The war department has been and is ready to supply the demands of the troops for medicines and sustenance, and there is no reason why conditions other than the best possible should exist. The officers at Camp Thomas had the same agencies at command as other officers, and I want to know why conditions there should have been different."

Colonel Gardner, of the Thirty-first Michigan, expressed the opinion that the deplorable condition formerly existing at the camp could be traced to the substitution of the general hospital system for the regimental system.

SHOOTING OF SPANISH PRISONERS.

WASHINGTON, Sept. 22.—Lieutenant Colonel Dudley, of the judge advocate general's department, has returned to Washington and is now engaged in the preparation of his report upon the conditions under which the Spanish prisoners on the Harvard were killed. It is believed that Colonel Dudley has already collected sufficient testimony to make clear the fact that the firing upon the Spaniards was a necessary and justifiable action.

Remains En Route to Richmond.

NARRAGANSETT PIER, R. I., Sept. 22.—The remains of Miss Winnie Davis, daughter of the chief of the confederacy, left this place today en route to Richmond, Va., where they will be interred. A detail from Sedgwick post, G. A. R., acted as escort from the Rockingham hotel to the railroad station.

CONTEST LIVELY.

Progress of the Voting for Carnival Queen.

Miss Velma Ohneck Leads, With Miss Mae Williams a Very Close Second--Street Fair Notes.

The middle of the week count of the votes for queen was made yesterday afternoon and the result was as follows:

Velma Ohneck	664
Mae Williams	622
Alice Crane	145
Elizabeth Knight	93
Minnie Frank	59
Elnora Gillion	27
Prudence Erickson	24
Emma Rurode	20
Mrs. G. W. McCausland	13
Hazel Pearse	12
Mrs. G. L. Greenawalt	11
Carrie Roth	5
Emily Hood	5
Katie Griffith	3
Bessie Vanness	3
Scattering	75
Total	1,791

The prize to be given the queen of the carnival after her coronation consists of a solid silver dinner set of forty-eight pieces in a magnificent cabinet. The three prizes for honors in the floral parade are also of silver and gold, and are useful and ornamental household accessories. It is useless to attempt a description—they must all be seen to be appreciated and all are on exhibition in the south window of the Rurode dry goods company.

Things look pretty busy around the midway in spite of the bad weather. Within, another week the old flats will scarcely be recognizable.

The secretary's office is overrun with applications from merchants for booth builders. The committee has put one or two carpenters on their list but would like more. Carpenters who want to do this kind of work should leave their addresses at the secretary's office and they will then be in position to receive orders.

The Saginaw street fair is now in progress. The committee is in receipt of a copy of the carnival edition of the Saginaw Courier-Herald and it is a handsome publication of forty-four pages with illuminated cover pages and so chock full of advertising and original reading matter that the paper bulges out at the sides.

The Vienna cafe will be an almost exact reproduction of the one at the world's fair, only it will be smaller. The dimensions are 100x40 feet and the structure will be a peach. What a man won't be able to get at the Vienna cafe won't be worth calling for.

Mrs. Frank Alderman has placed a very vivid and lifelike painting of "The Vacant Chair" in the curio room at the women's building. It represents an old cane bottom chair, with an empty uniform hung on the wall near by and a gun in close proximity. The picture is appropriately draped and presents a very striking appearance.

The Loyal Temperance legion meets Friday afternoon, at 4 o'clock, in the Congregational church on Harrison street. Miss Helen Bullock, Mrs. C. S. Ridenour and Miss Philley are very desirous of a large attendance of children to join the Loyal Temperance legion.

W. C. T. U.

From 2 until 3 o'clock Mrs. Bullock will instruct in parlimentary law to those who desire such instructions. At 3 o'clock the organization and election of officers will begin.

WITHDRAWS HER SUIT.

Aged Indianian Settles With Former Young Sweetheart Out of Court.

ANDERSON, Ind., Sept. 22.—Lydia Ferguson, aged twenty, of Bethel, Ohio, has withdrawn her $15,000 breach of promise suit which she filed some weeks ago against Francis Watkins, aged eighty, of this city. It was compromised.

Watkins is one of the substantial men of eastern Indiana, and one of the best known Methodist church laymen in this conference. He met the girl, fell in love, wrote her letters worthy of a sixteen-year-old and planned to elope to Indianapolis. His daughters, as old as the bride-elect, heard of it some way, went to Indianapolis in advance, intercepted the bride-elect and read the riot act to her and finally broke up the affair. It created a sensation, owing to his prominence and age.

The fifteenth annual reunion of the Thirtieth Indiana volunteer regiment will be held Wednesday, Sept. 28, at North Webster, Kosciusko county. North Webster is a beautiful inland village, nine miles from any railroad. Soldiers from Fort Wayne and all other points will be met at near railroad stations by friends with conveyances and taken to the scene of the reunion. Trains will be met at Pierceton on the Pennsylvania line, at Leesburg on the Big Four, and at Syracuse on the Baltimore and Ohio. A number of deaths have occurred in the ranks of the "Old Thirtieth" during the past year, but in no case, perhaps, has there answered the last long roll a veteran of the regiment who will be missed with greater sorrow by his comrades than the late Captain James B. White, of this city. Captain White made it a patriotic duty never to miss a reunion of his regiment and no soldier ever kept himself in closer and more sympathetic touch with his old comrades than Captain White.

UNDER THE BAN.

Trial of James E. Pike at St. Paul's M. E. Church.

Charges of a Serious Nature Filed by George J. Downey--Other Members are to be Brought Up.

A church trial of one of the prominent members of the St. Paul M. E. church, James E. Pike, was begun at that church this morning, to investigate charges brought by Geo. J. Downey, also a member of the church. The charges are those of sowing dissension among the members of the congregation, falsehood, and entering saloons.

The Rev. O. S. Harrison, of Markle, Huntington county, is sitting in the capacity of judge. The Rev. Henry Bridge, of Huntington, is prosecuting the case, with the Rev. C. C. Cissel, as assistant. Homer C. Hartman is defending Mr. Pike.

Up to the noon hour only a little of the testimony had been taken and not enough was heard to show whether the charges were well grounded or not. The trial of Mr. Pike, it is understood, is but the beginning of a more extended trial of ten or more members of the congregation, whose trials will come off in proper order this week and next.

The Rev. M. C. Cooper, pastor of the church, has labored hard to prevent this turn of affairs but he found that there was no other way to restore the church to its harmonious condition than by placing on church trial those members who were recreant to their duties as Christians and church members.

FATAL PARALYSIS.

Death of Mrs. Moses W. Winter Early This Morning.

Suffered a Stroke Monday and Was Speechless Ever Since--Little Lloyd Pens Dies of Brain Fever.

Mrs. Anna Winters, wife of Moses W. Winter, a silver plater, died of paralysis at 1:15 o'clock this morning. Her death occurred at the family residence, 35 Home avenue. Mrs. Winters was stricken with paralysis last Monday morning, the fourth stroke she suffered within a year. Heretofore she rallied from the attacks, but the last one rendered her entirely helpless and her condition was considered critical from the start. The affliction was more distressing to the family because the patient was deprived of speech. She was not able to talk up to the time of her death. Mrs. Winter was a woman whose qualities of heart and deeds of hand endeared her to a wide circle of friends. Besides the husband there is one daughter, Miss Estelle Winter, to mourn her death in the immediate family. The young lady is a teacher in the Miner school.

PENS.

Lloyd, the son of Mr. and Mrs. Albert Pens, of 129 Howell street, died of brain fever this morning, age one year and nine months. The funeral will be held Sunday at 2 p. m., from the St. John's Lutheran church, the Rev. Dannecker officiating.

This afternoon Rev. C. C. Cissell was notified by telegram of the death of his nephew, Robert B. Gushwa, a young soldier, who passed away at Fernandina, Fla., last night. The cause of death was typhoid fever. Deceased was only twenty-one years old. He was the sun of Mrs. Ben Gushwa, of Evanston, Ill., who was a patient of one of the Fort Wayne hospitals nearly all of last winter. The remains will be shipped to Corunna, Ind., where other members of the family are interred.

Wrote His Own Wedding Notice.

From the Humboldt Herald: F. A. McCarthy (that's us) and Miss Nannie Fisher (that's more of us) were united in marriage Wednesday at 10 o'clock a. m., at the home of the bride's mother, in this city. Rev. B. C. McQuesten, the beloved pastor of both the young people, performed the sacred ceremony. The ceremony was followed by a sumptuous repast, which we have only a faint recollection of. Some way events seemed to crowd on each other then. And God has given us the best earthly thing within his gift. The joy in a sweet wife is too great to be described—too sacred to be spoken of. May that bright and happy face never be less bright and happy.

Soothing Effect of Music.

Miss Anna Esteel Wilson of New York has found a decidedly novel occupation. She prepares music for invalids. She has learned from physicians that music produces highly beneficial effects. Under the influence of certain kinds of music the nerve cells, if depleted or too relaxed, may be stimulated to more vigorous action. Music of an opposite character will diminish too great nervous activity and tend to produce a condition of peace and restfulness.

THE LEADERS MEET.

Col. W. J. Bryan Calls on President McKinley.

Is Cordially Greeted by the Chief Executive.

With Governor Holcomb He Visits the War Department.

Makes No Request That His Regiment be Mustered Out--Camp Life Said to be Undermining His Health.

WASHINGTON, Sept. 22.—Col. W. J. Bryan, Third Nebraska volunteers, was at the war department today, and occasioned as much interest among the employes as a Santiago hero. Colonel Bryan was accompanied by Governor Holcomb and Resresentative Starke, of Nebraska. They went first to the adjutant general's office, where Colonel Bryan registered, stating that he expected to return to his station today.

In General Corbin's office he shook hands with the general and introduced the gentlemen accompanying him. The call was formal and brief. The party was then introduced to Acting Secretary Meiklejohn, but remained there only a few minutes, returning to the adjutant general's office.

General Corbin inquired as to the condition of the camp at Jacksonville, and asked if the soldiers wanted to come home. Colonel Bryan said that he had not made a poll, but his judgment as to their sentiment was that they did wish to be mustered out.

Colonel Bryan went from the adjutant general's office to army headquarters and called on General Miles.

Neither to the acting secretary of war nor to the adjutant general did Colonel Bryan or Governor Holcomb make any request as to mustering out the Third Nebraska regiment, or allude to the desires of Colonel Bryan in reference to the subject.

CALLS ON THE PRESIDENT.

After leaving the war department Colonel Bryan and his party went to the white house, where they were immediately ushered into the president's room. The party were cordially received by President McKinley and remained in conference with him for over an hour. They did not prefer a request for the mustering out of the regiment as a whole, but only for the discharge of such of its members as are disabled by disease or such as have peculiar calls upon them.

They represented that there were 20 per cent. of the members of the regiment ill, and they urged that these should be relieved and sent to their homes where they argued that in all probability most of them would speedily recover because of the difference in the climate of Nebraska and that of Florida.

The president gave careful attention to all that was said, and talked sympathetically with his callers concerning the conditions of these men, but he made no positive promise as to the course he would pursue in the matter. After the interview with the president the three Nebraskans returned to the war department.

Mr. Bryan said as he left the white house he would return to his regiment tonight. He was dressed in the full uniform of a colonel and beyond the fact that his complexion testified to his exposure to the southern sun he looked very much as he did in the campaign days of '96.

COLONEL BRYAN'S LIFE ENDANGERED.

LINCOLN, Neb., Sept. 22.—A letter is published here, signed by H. E. Newbranch, a personal and political friend of W. J. Bryan. The writer, referring to the visit of Governor Holcomb to Washington to secure the muster out of the Third Nebraska regiment, makes the statement that soldier life is so wearing on Colonel Bryan that his life will be the forfeit of his retention in the service. Mr. Newbranch insists that Mr. Bryan's health is failing fast and says:

"This man, whom you met on the streets of Lincoln but a month or two ago in the full bloom of a strong and vigorous manhood, would be almost unrecognizable to you were you to meet him today. For the robust physique is wasting; his face is worn, thin and pale; his flesh is shrunken, his eyes are set in black hollows. I was told yesterday by a friend, who spoke with all the energy of a profound conviction, that if Mr. Bryan were not removed from Jacksonville in ninety days his death would follow. He is a hero as truly as was ever knight of old, giving his life for his fellow men."

It was said at the state house today that Governor Holcomb, when he calls on President McKinley today, will not insist on the muster out of the Third regiment if it is permitted to come north, preferably to Nebraska.

FIGHT GOES ON.

Victorious in the Third Pool, the Miners Will Attend to the Fourth.

MONONGAHELA CITY, Pa., Sept. 22.—Having scored a victory in the third pool, the miners will now turn their attention to the mines in the the fourth pool, where the Chicago agreement is being violated. The contest will be opened in a few days and the officials say will be waged vigorously until every operator is paying the district rate.

Three mines in the third pool are idle, the employer, Capt. S. S. Brown, not having signified his willingness to comply with the Chicago agreement. The fight will be continued at these mines until the strikers are successful.

POLICE NEWS.

Edward Ramer Was Fined for Wife Desertion.

Frank Turner and Frank Daily Paid a Fine For Fighting--Justice Huser Was Acting Mayor.

Justice Huser presided in police court this morning and was confronted by five prisoners. Edward Ramer was there to answer a charge of wife desertion. He admitted that he had deserted Mrs. Ramer and their one-year-old child, but they had fixed up their differences and were going to housekeeping. He had secured work and intended to hereafter support them. Justice Huser was about to allow him his freedom so that he could hold his position, when Deputy Prosecutor Thomas interposed an objection and advised that the fellow be sent to jail until his wife had signified that she was satisfied that Ramer would support her. The justice then assessed a fine of $10 and costs and the wife deserter went to jail.

Frank Daily and Frank Turner were in court to answer a charge of assault and battery on each other. They were arrested by Officer Rohrer at midnight last night while engaged in a scrap at the corner of Main and Calhoun streets. The two men were quite friendly in police court and tried to save each other from paying a fine. They claimed to have been "sky-larking" and were merely enjoying a friendly setto when the officer arrested them. Turner is an implement agent and Daily works on the court house.

Charles Snyder, a drunk arrested by Officer Paul, and John Kay, another drunk, arrested by Officer Rohrer, were sent to jail for eleven days.

IMPOSING ON MERCHANTS.

For some time a thirteen-year-old girl has been begging money from merchants, claiming that her parents, who lived on the New Haven road, were in want. Secretary Mohler, of the Associated Charities, made an investigation and finds that the family does not live on the New Haven road. There is a family of the name used by the little girl and she is a member of it, but they are not in want and even if they were, relatives would see to it that they did not have to beg. There is no truth in the story told by the little girl.

The waterworks trustees and the waterworks committee of the council will meet tomorrow afternoon at 2 o'clock in the waterworks office to consider the application of the trustees for a new engine and pump.

The speech of Stephen A. Douglass to the farmers, at the city hall, next Saturday afternoon, will be one of the great treats of the campaign. Mr. Douglass is an orator of great ability and his address will be relished by all who attend the meeting.

There was a meeting of the soldiers of southern Michigan and northern Indiana, at Nappanee, Ind., yesterday. It was an immense gathering and there was a wonderful enthusiasm. Among the speakers was William D. Parr, of this city.

Dennis Cleary and bride were surprised by the Hibernian Rifles on the day of the wedding, last Tuesday, when the couple was presented with a beautiful dining room set. The present was a testimonial from the comrades of Mr. Cleary, who is a member of the Rifles. The guests were given a good time.

Elder Z. A. Harris has just closed a successful commencement work at Bluffton, placing its permanent future with the fifth missionary district of Indiana. He brings with him an excellent young singing evangelist and resumes his pastoral work in the Creighton avenue Church of Christ in view of holding a revival in the near future, and for which special services will be held next Lord's day.

John Houlihan is in receipt of a letter from his brother, Michael J. Houlihan, who is now with company M, Eleventh United States infantry, in Porto Rico. The item concerning a soldier named Michael Houlihan, which appeared in the Fort Wayne papers several weeks ago, was misleading, inasmuch as it created the impression that our own Mike was sick. The sick soldier referred to was a member of company D, Eleventh regiment, whose home is in Colfax, Ind.

Demise of the Emperor Reported in Shanghai.

Cession of Port Arthur and Ta-Lien-Wan to Russia.

Alleged Details Published of the Convention Made at Pekin Last March--Russia's Preferences.

PEKING, Sept. 22.—An imperial edict just issued definitely announces that the emperor of China has resigned his power to the empress (dowager empress), who has ordered the ministers to deliver to her in future their official reports.

RUMOR OF DEATH.

SHANGHAI, Sept. 22.—A local rumor is current here to the effect that the emperor of China is dead. No details are obtainable but it is said the gates of Peking are closed.

SIGNED IN SECRET.

LONDON, Sept. 22.—A dispatch to the Globe from Hong Kong, published this afternoon, purports to give details of the secret convention signed at Pekin on March 27. It appears that Hsu Ying-K'Ouoi, of the Chinese foreign office, thereby concluded an agreement with St. Petersburg by which China ceded Port Arthur and Ta-Lien-Wan, stipulating that only Russian and Chinese warships enter or dock at Port Arthur.

Russia, it also appears, gets the exclusive use of the inner harbor of Ta-Lien-Wan, the sole administration of the ceded territories and a tract of land north of Ta-Lien-Wan, which is designated as a buffer belt.

YOKOHOMA, Sept. 22.—It is understood the Japanese government has decided to negotiate for a foreign loan of $50,000,000.

ORIENTAL NEWS.

VANCOUVER, B. C., Sept. 22.—A serious mutinious conspiracy has occurred on the German ship Christine lying in Kobe harbor. Assistance was sent from the Gefion and the men accused were eventually brought before the German acting consul and the accused will have to be sent to the vessel's port of entry, Bremen, to be tried for the offense. The prisoners consist of four Dutchmen, one Englishman and one German.

The Belgian contract for the construction of the Luhan railway has been ratified.

There are rumors of British and Japanese concessions on the island of Nantai at Foo Chow. One of the members of the crew of H. M. S. Linnet, has been making a survey in the neighborhood, it is thought, for the information of Sir Claude MacDonald.

RUSSIA GRABBING LAND.

News comes from New Chwang that the Russians have been acquiring large tracts of the land in the vicinity to make capital out of the proposed British railway enterprise in that region as it seems that the land on the proposed route of the Russian railway has been purchased by the British, who demanded exorbitant prices for the same. The Rusians, by way of checkmating their rivals, have commenced building in the north of New Chwang without the necessary formality of purchasing or leasing the land from its owners, practically grabbing lots they required, urging that as they had only built on the land, its owners could not help themselves and could be amenable to any terms offered by the Russians.

By these means they would hold the whip-hand over the railway in eastern China, which is to run from Petuna to Port Arthur via Migra Loudkin and Naching, with a branch from Port Arthur to New Chawang.

THERE may be a bottom to the Dreyfus infamy, but it has not yet been struck.

GOVERNOR PINGREE has a way of making his enemies like him whether they want to or not.

THE farther Secretary Alger travels in his camp inspections the more he discovers the need of an investigation that was begun weeks too late.

JAMES J. HILL, the already risen and now waxing star in the railroad world of the northwest, who is in the reported purchase of the Baltimore and Ohio, began life as a "mud clerk" on the Mississippi. He managed to keep his road, the Great Northern, out of the hands of the receiver in the crash which put all other northwestern roads over their heads in trouble, and has performed other feats that railroad men recognize as notable. He is always anxious to keep his doings out of the newspapers and has a record for success in that direction.

IT IS said in defense of Surgeon Heidekoper that he is a very good horse and dog doctor and a most elegant gentleman who in the care of human beings did the very best he knew how. That ought to settle the clamor.

SOME republican newspapers and republican leaders are in a quandary with respect to Colonel Bryan. They hope he will resign his commission that they may scorch him for quitting the service and they are afraid to have him actively concerning himself in the campaign.

DURING the present week the government has been selling at auction in New York the horses purchased for use of the "Rough Riders." Except in special instances where some cowboy wanted to own his warhorse or the friends of some fallen trooper wished to become possessors of his mount the horses brought very small prices. Some went as low as $4 and $5. The average was $16. At the outbreak of the war the government paid an average of $65 apiece for them, almost the price of Kentucky thoroughbreds. Yet these cavalry horses were only Texas bronchos. Contractors who sold horses to the government were no less skilled in the art of skinning than the contractors who sold old scows of the Merrimac type to the government for several times their value. Incidentally it may be remarked that all the horses being sold are in execrably poor condition, showing that the volunteers have not alone suffered from bad rations.

SHIFTS THE BLAME.

If Secretary Alger is not misquoted in a statement he made to the army officers at Knoxville yesterday he is seeking to shift the blame for camp horrors upon the commanders. In the course of the statement referred to the secretary said:

"I want to say that had the war department been acquainted with the conditions said to have existed at Chickamauga the troops there would have been moved long before they were. We received only good reports at Washington from the commanding officers and it was supposed that the outside reports were exaggerated. The commanders of camps are responsible for the condition of their camps, and if the men are not well cared for and if the hospital and sanitary conditions are bad the commanding officer must answer for it. The war department has been and is ready to supply the demand of the troops for medicine and sustenance and there is no reason why conditions other than the best possible should exist."

Two most important facts are brought out by General Alger's words. It is made clear to him, as he virtually admits, that there has been gross incompetence, criminal negligence in the camps, especially in the hospitals, and he confesses that the reports which were rife in the newspapers concerning the treatment of sick soldiers were given no attention and no credence by the war department. He charges responsibility for bad conditions to the commanding officers. In short the secretary of war is shifting the blame from the fountain-head of authority in the war department to subordinates in the army.

Secretary Alger's excuse will not be readily accepted. His plaint that conditions were not reported to him by the commanding officers is childish. It argues that the war department is without power of initiative to learn such matters for itself, which is mere nonsense. The newspapers—not the despised "yellow" journals, but clean and reputable and temperate newspapers of the secretary's own political party—were teeming with stories of cruel neglect of sick soldiers in the big camps and the matter had assumed the proportions of a great national scandal. It must have occurred to the war secretary that some ground of truth was underneath the tremendous mass of criticism. It must have occurred to him that he should ascertain how far the attacks on the war department were groundless and how far they were just. Instead of prosecuting his inspection of the fever camps while the conditions existed, he has postponed his tour until those camps are for the most part abandoned. His demand that his department be investigated was not the essential thing. He should weeks ago have done what he is doing now. He should have begun to see for himself.

Secretary Alger will now find the blame hard to shift.

Jacob Steuver, of Bippus, Huntington county, has filed suit for $10,000 damages against Anthony M. Burns, of the same place, alleging malpractice in the treatment of a fracture. Dr. Burns is a highly reputable physician at Bippus.

Folks in the vicinity of Larwill, Whitley county, are in a condition bordering on terror over the appearance of a wild animal in the woods thereabouts. The animal has been seen by several persons of good repute and temperate habits. No one seems able to describe the beast with much accuracy.

George Michaels, of Silver Lake, Kosciusko county, claims to be the prize pumpkin-raiser of Indiana. He has now taken from his patch ten of the golden vegetables, the aggregate weight of the ten being 450 pounds. The heaviest pumpkin in the lot weighs sixty pounds. Measurement of the ten gave a total circumference of forty-six feet.

Levi Smeltzer, residing just north of Wakarusa, died last Wednesday morning, as a direct result of eating too many grapes. He had eaten excessively of the fruit Tuesday and immediately after began working hard at ditching. He was taken with severe pain in the abdominal region. The patient died the following morning in great agony.

Carl Kieder, aged about twenty-three years, son of C. D. Kleder, of Midford, died at his home in that place Tuesday night, of typho-malarial fever. Deceased had enlisted in the Red Cross society as a nurse and was stationed at Chickamauga, where he was first taken sick. He was kept in the hospital a short time and then sent to Milford. His condition showed marked improvement, and a few days ago he was able to be out, but suffered a relapse which brought about his death.

STILL FOR PINGREE.

Michigan Republicans Renominate the Governor.

It Was All Easy Enough--Platform Endorses McKinley and Alger and Conduct of the War.

DETROIT, Mich., Sept. 22.—Governor Pingree was renominated unanimously late yesterday afternoon for a second term by the republican state convention that convened at 11 o'clock yesterday morning. There was absolutely no opposition, although among the 1,091 delegates there were many who were antagonistic to the "friend of the people." These ignored him in their speeches.

The name of the governor was presented by Charles Flowers, corporation counsel, and the speech was wildly cheered. No other candidate appeared.

Governor Pingree was compelled to make a speech and was given a warm reception. Among other things he said:

"I'm just the same old baldheaded Pingree that I was two years ago. I'm just the same kind of a republican—I believe that principles should come before the party. When we nominate a man who violates these principles I believe we are not good republicans unless we show him up. The party was made for the common people. That is why I am a republican."

M'KINLEY AND ALGER ENDORSED.

The platform adopted by the convention endorses the national administration, William McKinley, the conduct of the war, Secretary of War Alger, the St. Louis platform, the return of business prosperity, the Dingley bill, Governor Pingree and the state administration and the Atkinson equal taxation reform measure.

The Pingree men claim to be in control of the state central committee, thirteen of the twenty-four members being "reformers." D. M. Ferry's name is missing. The opposition also claims to be in control.

BUSINESS PARALYZED.

Depositors of Parson's Bank Want to Know Where Their Money Has Gone.

NILES, Mich., Sept. 22.—The failure of the Parson's bank at Burr Oak has completely paralyzed the business of the place and is proving a terrible blow to the depositors. The streets are crowded day and night by people eager to learn the latest developments. President Parsons has conducted a bank in Burr Oak for thirty-five years and was counted as one of the wealthiest men in southwest Michigan. His downfall is due to poor investments in property in Chicago and Salt Lake City, Utah. During the last four years he has done business on the Chicago board of trade, but he will not talk about it.

Most of the depositors were drawing 4 per cent. interest per annum, and because he paid this interest when other banks were only paying 3 per cent. the amount of money placed in his bank in the last few years was large. There is due depositors $81,000. The last week the bank did business about $15,000 was deposited. The merchants declare Parsons will not be safe in town.

GAS RATES UPHELD.

Citizens of Peru, Ind., Made Happy by Judge Baker's Decision.

PERU, Ind., Sept. 21.—A case of importance to all the residents of Peru was decided in favor of the city yesterday by Judge Baker of the United States court at Indianapolis. It was a decision which lowers natural gas rates one-third, and as every family uses gas for fuel the entire population is rejoicing.

The city council passed an ordinance last year reducing the gas rates to the figure now upheld. The company, which is controlled by the powerful Diederich syndicate of New York, asked an injunction against the enforcement of the ordinance and the case has since been pending. The decision dissolves the injunction, makes the ordinance effective from its passage, and will give each consumer a nice rebate on the payments of last year. The gas company threatened once to shut off the supply and will probably renew the threat now.

CHURCH IS ENGULFED.

Pennsylvania Edifice Slowly Sinking Into a Mine.

HAZELTON, Pa., Sept. 22. — St. Patrick's church at Audenried is slowly sinking into the mines, and abandonment of the property probably will be necessary. For the past ten hours the ground has been settling and the southern wing of the church is almost entirely torn away, the main building being supported only by two badly twisted pillars.

Father Mallow ordered the removal of everything from the church this morning, and it is not thought that the building will be fit for use again. The cause of the cavein is a sudden rush of coal in a gangway running beneath four large pillars of coal in a breast, directly under the building. The church is valued at $8,000. Large fissures have appeared in the territory surrounding the church, but thus far no other property is affected.

WITH OLD COMRADES.

Honor Paid General Shafter in Michigan by His Old Regiment.

CONSTANTINE, Mich., Sept. 22.—Signal honor was paid to General Wm. R. Shafter when he came here last night to attend the reunion of his old regiment, the Nineteenth Michigan infantry. Citizens, irrespective of party, old townsmen from his birthplace at Galesburg, a few miles from here, and veterans of the war for the union united in paying tribute to the man whom banners and arches proclaimed to be the "hero of Santiago."

Constantine put on her holiday attire in honor of the event. The town was literally buried beneath the decorations of flags and bunting. Imposing evergreen arches bearing the words, "Welcome, Shafter," were built at the intersection of every street, and the residence and business houses displayed the national emblem in great profusion.

Every survivor of the regiment was present, besides thousands of visitors from out of town. When General Shafter arrived his old regiment formed in line, and amid the cheering of the great multitude escorted him to the home of his old friend, Colonel Frank D. Baldwin, of the Nineteenth.

General Shafter went to the front thirty-six years ago as colonel of the Nineteenth infantry. The meeting between the general and the gray-haired men who as boys followed him on the battlefield was very affecting, some of the old veterans crying for joy. An interesting camp fire was held last night, and General Shafter made a speech to his old comrades. The reunion continued today and the general will be the central figure.

General Shafter will probably visit his birthplace before leaving Michigan.

WILL GO TO CUBA.

Large Force to be Dispatched Next Month.

General Wheeler to Have a Responsible Command--Cavalry Division of Six Regiments to be Under His Charge.

WASHINGTON, Sept. 22.—The first steps have been taken toward preparing an army for the occupation of Cuba after the evacuation of the Spanish troops. General Miles and Acting Secretary Meiklejohn had a long conference on this subject yesterday afternoon for the purpose of assigning regiments and officers to duty in Cuba and Porto Rico.

General Wheeler is the first officer to be selected as a result of these conferences for a responsible command in the Cuban army of occupation. He will have charge of a cavalry division consisting of two brigades and composed of six regiments of regular cavalry.

The occupation of Cuba by American troops is to begin next month. The plans to carry this into effect are still the subject of discussion between the president and the war department, and have only been developed through the preliminary stages. A great deal remains to be arranged. Quartermasters and subsistence officers will shortly be designated to look after the details of transportation and supplies. The errors of the Santiago campaign are to be avoided and the officers who are placed in charge to provide for the troops will be required to exercise greater care than was the case when Shafter's army was sent to eastern Cuba.

VOLUNTEERS NOT ASSIGNED.

No one knows yet what regiments of volunteers will be assigned to duty in Cuba. When these regiments are selected it is probable that the remainder of the volunteer army, to the number of 50,000 men, will be mustered out of the service.

General Wheeler's cavalry command will consist of the Second, Fifth, Sixth, Seventh and Eighth and Tenth regiments. The division is destined to be most efficient command, as it will be made up not only of trained troopers, but will include three regiments—the Second, Sixth and Tenth—which have already served in Cuba. There has been some objection to assigning to duty on the island without a sufficient period of rest for the troops which had lately seen service in the Santiago campaign, and it has been one of General Miles' contentions, to which he has adhered with great tenacity, that the premature placing of regulars or volunteers in Cuba for active operations or garrison duty would prove fatal. This view has not been accepted by the president, and from present indications he will not approve of the proposition to delay sending the military force to Cuba.

IMPALED ON A PICKET

Frightful Accident Happens to Master Harry Kiesling.

Sharp Point Enters His Abdomen--Frank Pollock Falls From the Roof of a House--The Accidents.

Freddie, the young son of W. F. Kiesling, head baker for the Brenzinger bakery, while trying to vault an iron picket fence, last evening, fell upon one of the pickets, the point entering his abdomen and inflicting an ugly wound. The lad was taken to his home, 255 Broadwry, where Dr. Carl Schilling made an examination. It was a miraculous escape for the lad from an instant death as the result would have been fatal if the picket had entered a little further.

FELL FROM A ROOF.

Frank Pollock, of 52 Hamilton street, fell from the roof of a house upon which he was working yesterday. Dr. Budd Van Sweringen was called and dressed the injuries. The left ankle was badly spained and there were bruises on different parts of the body. The patient also suffers from the effects of slight internal injuries.

WATER CAUSES IT.

Photographers Meet With a Peculiar Difficulty.

Iron in the City Water Makes it Impossible to Tone Photographs--A Mystery Unraveled.

The nerves of all of the photographers in the city have been strained to a high tension the past week by a condition of affairs that rarely occurs in such an epidemic form, and now that the camera artists have their troubles all past it is time to congratulate them upon their escape from a difficulty so aggravating.

The first inkling that something was wrong came up when one of the photographers went to Jones' supply house house and complained of the paper on which photographic prints are made, saying that it was an inferior grade of material and not to fit use. Then came another photographer and another, and still some more, all having the same kick to register. Mr. Clark, of the establishment, gave each one of them another brand of paper and still the fault was not removed, for the pictures came out as badly as ever.

Fortunately for the photographers who were in the muddle, there came to the city on business a well known representative of an eastern photographic supply house, E. E. Shores, to whom was referred the matter, and he set about to investigate. After several experiments at the studio of Felix Schanz, it was shown that the water used from the city supply pipes was responsible for the trouble, the iron in the water acting upon the chemically prepared paper so as to destroy the elements that are necessary to make the picture.

By the use of cistern water pictures were finished up without any difficulty. It is supposed that water from a new well was turned into the city mains, and containing more iron than the other wells, this chemical property was so thoroughly circulated as to affect the entire supply of the city. Iron in water is health-giving as a drink, but its continued use in the finishing of pictures will make a photographer's pocketbook look sick.

WOMEN WRECK A SALOON.

Investigation of a Mysterious Midnight Attack Dropped.

ANDERSON, Ind., Sept. 22.—The Dady Wheeler resort east of the city was completely demolished inside and out at an early hour yesterday morning.

An investigation was begun, but was hurriedly hushed up and the matter will be dropped. Wheeler will not push it for several reasons. The authorities are in a position now to believe that the work was done by temperance women.

Wheeler has been making the place very objectionable and had been warned by the women that he and his place would not be tolerated. It is across the river and without police protection.

The assault was made at 2 o'clock in the morning and was, therefore, easily carried out without anyone being detected.

The women suspected refuse to see anyone or to converse on the subject. The doors and windows were broken and the bar goods and mirrors fell with a crash. Wheeler will not make an attempt to reopen. People of prominence will see the investigation stops where it is.

Recently at Fairmount, just north of this point, the women made a raid like this and emptied all the liquors into the street. The place was repaired and opened, but shortly after it was sent to the four winds by an application of dynamite.

FOUR BOXES DID IT.

Remarkable Succees of a New Pile Cure.

People who have suffered for months or years from the pain and inconvenience of that common disorder, piles, will look with skepticism upon the claims of the makers of the new discovery for cure of all forms of piles, known under the name of Pyramid Pile Cure; nevertheless the extraordinary cures performed by this remedy are such as to warrant the investigation of any sufferer. As a case in point the following letter speaks for itself.

Mr. Henry Thomas of sub station No. 3, Hosack Ave., Columbus, Ohio, writes as follows:

Pyramid Drug Co.:

Gentlemen:—I want you to use my name if it will be of any use to you. I was so bad with the piles that I lost work on that account. Nothing did me any good. I read in Cincinnati of the many cures of piles by the Pyramid Pile Cure and I went to a drug store and asked for it. The drug clerk told that he had something else that he thought was better, but I told him that I wanted to try the Pyramid first.

The first box helped me so much that I tried another and then to complete the cure used two more boxes, making four in all. I am now completely cured. Have not a trace of piles and I had suffered for four years with the worst form of protruding piles.

I suffered death from piles, but I have found the Pyramid Pile Cure to be just as represented. I have recommended it to several of my friends and I am thankful to be able to write you what good the remedy has done for me."

Physicians recommend the Pyramid Pile Cure because it contains no opium, cocaine or mineral poison of any kind, and because it is so safe and pleasant to use, being painless and applied at night. The patient is cured in a surprisingly short time with no inconvenience whatever.

The Pyramid Pile Cure is sold by druggists at 50 cents per package, and if there is any constipation it is well to use the Pyramid Pills at the same time with the Pile Cure, as constipation is very often the cause of piles and the pills effectually remove the costive condition. Price of pills is 25 cents per package.

Write to Pyramid Drug Co., Marshall, Mich., for little book on cause and cure of piles; sent by mail free.

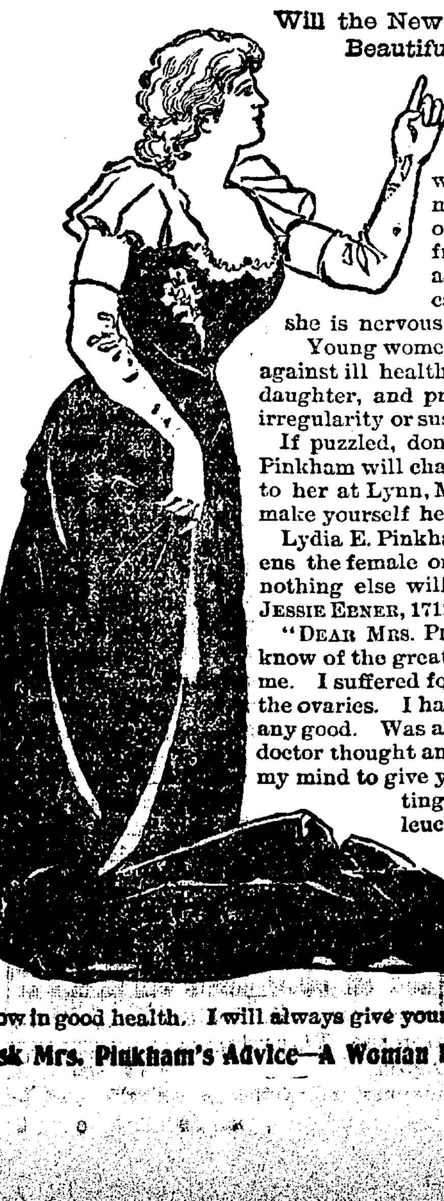
MRS. PINKHAM TALKS TO THE FUTURE WOMAN.



Will the New Generation of Women be More Beautiful or Less So? Miss Jessie Ebner's Experience.

A pleasing face and graceful figure! These are equipments that widen the sphere of woman's usefulness. How can a woman have grace of movement when she is suffering from some disorder that gives her those awful bearing-down sensations? How can she retain her beautiful face when she is nervous and racked with pain?

Young women, think of your future and provide against ill health. Mothers, think of your growing daughter, and prevent in her as well as in yourself irregularity or suspension of nature's duties.

If puzzled, don't trust your own judgment. Mrs. Pinkham will charge you nothing for her advice; write to her at Lynn, Mass., and she will tell you how to make yourself healthy and strong.

Lydia E. Pinkham's Vegetable Compound strengthens the female organs and regulates the menses as nothing else will. Following is a letter from Miss JESSIE EBNER, 1712 West Jefferson St., Sandusky, Ohio.

"DEAR MRS. PINKHAM:—I feel it my duty to let you know of the great benefit your remedies have been to me. I suffered for over a year with inflammation of the ovaries. I had doctored, but no medicine did me any good. Was at a sanatarium for two weeks. The doctor thought an operation necessary, but I made up my mind to give your medicine a trial before submitting to that. I was also troubled with leucorrhœa, painful menstruation, dizziness, nervousness, and was so weak that I was unable to stand or walk. I have taken in all several bottles of Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and am now in good health. I will always give your medicine the highest praise."

NEW ARC LAMP.

One That Will Burn 125 Hours Without Trimming.

Supt. J. J Wood Makes an Important Improvement—News of Shop and Rail.

A prominent Philadelphian, who spent three or four hours in the city last night, remarked that "the Fort Wayne system of electric lighting is the best in the United States." He also said that his city had lights put in by all the electric light companies in this country, for which it paid $105 per light, and those of the Fort Wayne Electric corporation were far superior to any of the others. Mr. J. J. Wood, superintendent of the Fort Wayne Electric works, is the inventor of this lighting system. Not satisfied with its present proficiency, he has been at work for several weeks upon an improvement. As a result of his labors, a new arc lamp, constructed upon a different plan from the one now in use, is being tested at the electric works. This new lamp will burn brilliantly for 125 hours on a series circuit without retrimming, while the present lamp will run only seven hours. By this new system a saving is effected in carbon and labor, making electric lighting cheaper than under the old system. It will be some time before the new lamps will be put upon the market, but when they make their appearance, they will doubtless gradually take the place of all other arc lamps.

SHOPMAN BITTEN BY A DOG.

Frank Girard, a blacksmith employed at the Pittsburg shops, was attacked by a vicious dog while riding his bicycle on Hayden street, at 6:30 o'clock this morning. The canine sunk his teeth into Mr. Girard's right leg, inflicting a half dozen wounds from which the blood flowed freely. The wounds were cauterized and the incident reported to the police. The dog will be killed.

A NEW ENTERPRISE.

Ed Gilmartin, the lumberman, has set a force of men at work demolishing the house at the northeast corner of Barr and Holman streets. He will have erected on the lot a two story brick building, in which he will place a stock of building supplies and conduct a business in that line in connection with his lumber business. The house now being torn down is an old "landmark." It was built sixty years ago and for many years was known as Leifel's hotel, a place where some of the older citizens of Fort Wayne found shelter when they first came here.

WILL SELL THE PROPERTY.

The officials of the Standard Wheel company, who are now attending the convention of the carriage makers at St. Louis, will come here next week, when it is quite likely they will dispose of their valuable holdings—the Olds spoke factory—to parties who are looking for a location for a big factory. The Standard people have three offers for the property and it is believed that they will accept one of them. O. H. Larwill, it is said, endeavored to lease the main building for a factory in which to make electrical supplies, but was informed that the entire plant was about to be sold, hence a lease of a portion of it was impossible.

IMPROVED TWENTY-FIVE PER CENT.

The Wall Street Journal, published by Dow, Jones & Co., New York, has the following to say regarding recent improvements on the Wabash: "It is a conservative estimate to place the improvements of the physical condition of the Wabash at twenty-five per cent. during the past year. This statement is based on two trips which your correspondent has made over the road. The condition of the road bed of the Wabash is equal at present to any road in the west, if not superior."

AN ELECTRICIAN MARRIED.

Herbert B. Hadley and Miss Edith Beaman were married last evening at the home of the bride's parents in Winchendon, Mass. The bride and groom will reside in this city and will arrive here on No. 5, over the Nickel Plate, tomorrow afternoon. They have engaged quarters with Mrs. Jones, on Washington boulevard. Mr. Hadley is an electrician and a brother of A. L. Hadley, of the School of Electricity. He is employed by the Fort Wayne Electric corporation.

A WORKMAN HURT.

Matthias Lockrider, an employe of the Kerr Murray works and living at 92 Olive street, was injured early this morning by some castings falling upon him. It was at first thought that his right leg was broken, but an examination proved it to be only bruised. He was taken to his home in a buggy.

Machinist John Shuster, of the Pittsburg shops, is the guest of relatives near Indianapolis. He will remain there until next week.

October 15 has been set as the day for the sale of the Ohio Southern, it being the fourth date that has been set upon to dispose of the property.

After an illness of three weeks, Foreman Christian Rathert, of the blacksmith shop at the electric works, was able to resume charge of that establishment this morning.

Cars suitable for carrying grapes are scarce on all the lines tapping the grape fields of Ohio, Pennsylvania and New York, and the roads are borrowing from other lines.

Arthur Mills, passenger fireman on the Grand Rapids and Indiana road, and his family left this morning for Madison, Ohio, where they will spend a week with William Mills, a brother of Arthur's.

James E. Hull, who has represented the passenger department of the Lake Shore at St. Paul twelve years, has resigned on account of ill health. He will be succeeded by Traveling Passenger Agent Hurley, of Milwaukee.

Ex-Superintendent F. G. Darlington, of the Indianapolis division of the Pennsylvania system, is still very sick. His retirement from the office was made in the hopes of being restored to health, but he has not been benefitted by the rest.

The Illinois Central will have a direct line between Omaha and Chicago a year hence. Only 125 miles of new road is required to complete the line. The company will tap its Sioux City line at Fort Dodge, Ia., and will build thence west to Council Bluffs. In articles of incorporation for the construction of the line the capital stock is named at $5,000,000.

The future of the Toledo, St. Louis and Kansas City is becomming a matter of much interest. It is evident that in a few months it will be owned by one of the strong combinations. The road has been in the hands of a receiver since May 19, 1893.

Fireman Charles Welch, of the Pennsylvania lines, accompanied by his wife, left for Toledo this morning to attend the funeral of his brother's wife. The maiden name of the deceased was Rose Browning, and she lived in Fort Wayne up to the time of her marriage.

The lines in the Western Passenger association are voting on the question of making a net cash rate of 1½ cent a mile for transportation of soldiers in bodies and half-fare rates to soldiers traveling singly on sick leave or furloughs at their own expense. It is understood the proposition will be agreed to by all lines interested.

SPINNEY CUP CONTEST.

DAYTON, Sept. 22.—Dayton and Springfield will play off the Spinney Cup series of the Inter-State league this year, for the reason that the Toledos, who finished in second place, have refused to play. Toledo finished second by the margin of one point, but it is believed here that Springfield will be awarded second honors through a disputed game with New Castle. The first game of the cup series will be played here Friday, two on Saturday here and a double header at Springfield Sunday. The annual meeting of the league directors will be held here next Monday.

NOTES.

The fall meeting of the Inter-State league will be held in Dayton at some date to be fixed by President Power.

The game between the Battery boys and the Shamrocks to have been played next Sunday, has been postponed.

The last game of the season at Robison park will be played next Sunday afternoon. The Shamrocks and Keystones will play.

In his first game in the National league Bill Taylor failed to make a hit in three times at bat and in the field accepted three chances and made three errors.

Elmer Flick keeps up his hard hitting in the National league. Not a game passes but that the old Inter-State slugger hits out a few "bingoes," and generally among them is a long hit or two.

Rosebrough pitched part of the game yesterday for Pittsburg against Boston. He didn't go into the box, however, until after the game was lost. This was indeed a hard trial for a youngster.

Next Sunday a picked team of Toledo ball players will go to South Bend to play the strong semi-professional team there. The Toledo team will line up as follows: Catcher, Arthur; pitcher, Kelb; first base, Gilks; second base, Beck; third base, Hoffmeister; shortstop, Wetzel; right field, Madden; center field, Hartman; left field, Smith.

Mr. Hartzel is playing ball every day in Louisville's right field, is batting above .333 and is executing field plays that make even the leagures stare. In the first game of the Boston series, which Louisville won, 4 2, Hartzel virtually won for his team when he pulled a fly from Stahl off the right field fence and then threw to second so fast that he caught Bobby Lowe trying to advance on the out.

BEHIND THE MONEY.

Frank Bogash Badly Beaten at Terre Haute.

Anaconda Won the Fastest Six-Heat Race of the Season—Eagle Flannagan Trots the Fastest Mile.

TERRE HAUTE, Sept. 22—The fastest heats in a trotting race this year were reeled off by Scott Hudson's many-time winner, Eagle Flanagan, in the 2:10 trot, when the Kentucky gelding, with a mark of 2:09¼, trotted three heats in 2:09¼, 2:07½, and 2:08¾. The fastest previous heat in trotting this season has been 2:08¼. The six heats in the sensational 2:05 pace were also the fastest six heats paced this year, the average being 2:06.

The day was full of exciting work. Eagle Flanagan sold as the favorite and won in straight heats, each time fighting it out in the stretch inch by inch—in the first heat with Dione, in the second with the big stallion Caid, and in the last with Caracalla. Caid's finish in 2:08 in the second heat will make him a favorite in the Transylvania stake at Lexington.

The 2:05 pace was a duel between Bumps, Directly, and Anaconda. Bumps, by taking the first and second heats in 2:04¼ and 2:04¾, was looked upon as a certain winner, when the third heat fell to the handsome son of the great Direct, but Keating's fast California gelding, Anaconda, guided by the veteran McHenry, broke in and won the next three heats. This is the first time Anaconda and Directly had met this year. They sold about equal in the pools.

Star Pointer starts to today beat his record. Driver McClary says he is in tip-top condition for a great mile. The summaries:

2:05 Pace; Purse, $1,500.—Anaconda, (McHenry,) 4, 5, 6, 1, 1, 1; Bumps, (Wilson,) 1, 1, 2, 8, 8, 3; Directly, (West,) 6, 6, 2, 2, 7, 2; Rubenstein, (Laird,) 5, 2, 3, 7, 2, ro; Parker S., (Kivets,) 9, 3, 4, 5, 4, ro; Frank Bogash, (Bogash,) 8, 7, 8, 4, 6, ro; Giles Noyes, (Rush,) 7, 9, 9, 3, 5, ro; Ananias, (Keyes,) 2, 8, 7, 6, 3, ro; William Mc., (Green,) 3, 4, 5, dis. Time—2:04¼, 2:04¾, 2:05¾, 2:05½, 2:07, 2:08¾.

GRAND CIRCUIT WINNINGS.

Mattie Patterson proved a big winner in the Grand circuit races, which were brought to a close with the Portland meeting. She won $9,250 in stakes, taking five firsts and two seconds. Her time is 2:09¼. John Nolan, 2:09½, leads the list with $10,750. Directum Kelly, 2:08¼, won $10,500, Mattie Patterson being third. Split Silk, 2:09¾, won $8,425, while The Abbot, 2:08¼, and Searchlight, 2:04¾, each won nearly $6,000. Frank Bogash, 2:04½, landed $4,250, while Grattan Boy, 2:08¾, made $250 less. Chehalis, 2:04½, and Egozen, 2:06¼, each made about the same, $3,500. Dione, 2:09¼, won $3,250. Bumps, 2:04¾, has landed but $2,625. The winners of amounts over $500 in this year's circuit number over 100.

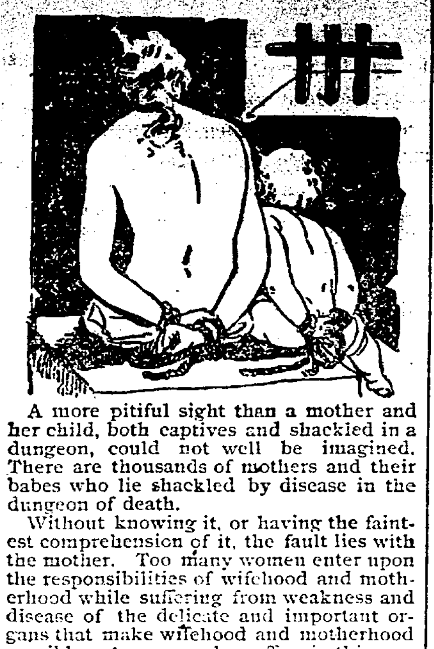
WANTED—Call at the Associated Charities office if you want to hire laboring men or women to do washing or cleaning. Room No. 8, City Hall; telephone, 445. tf



A more pitiful sight than a mother and her child, both captives and shackled in a dungeon, could not well be imagined. There are thousands of mothers and their babes who lie shackled by disease in the dungeon of death.

Without knowing it, or having the faintest comprehension of it, the fault lies with the mother. Too many women enter upon the responsibilities of wifehood and motherhood while suffering from weakness and disease of the delicate and important organs that make wifehood and motherhood possible. A woman who suffers in this way cannot be a capable wife and a competent mother. Before entering upon the duties and responsibilities of these positions, she should see to it that her health, both general and local, is thoroughly restored. Dr. Pierce's Favorite Prescription is the best of all medicines for this purpose. It acts directly on the sensitive organs concerned, making them strong, healthy and vigorous. It promotes regularity of the functions, allays irritation and inflammation, heals ulceration, checks unnatural and exhausting drains and soothes pain. It tones and builds up the shattered nerves. It turns the dangers and pains of maternity into safety and ease. It is a medicine that is intended for this one purpose only and is good for no other. Dealers sell it and no honest dealer will suggest a substitute.

"Dr. Pierce's Favorite Prescription did me so much good that to-day I am well again and stronger than I have been for years," writes Mrs. Alex. Lockie, of Wise, Isabella Co., Mich. "I have a baby one year old and as fat and healthy as one could wish to see. I took two bottles of 'Favorite Prescription.' I keep Dr. Pierce's Pleasant Pellets in the house all the time. My family take no other kind of pills."

We are having a rush of business this week. Call and see why. See our window display prices.

Good-Bye to Indiana Gas.

[Bluffton News.]

The Indiana gas field will be drawn on this winter in greater quantities than ever before. No less than five hundred new wells will be sunk in the various parts of the field between now and fall for the winter supply. Many are becoming alarmed at the enormous drain anticipated and as the supply of gas is not inexhaustable, such a great number of wells on the territory in addition to the thousands already will, no doubt, give it a severe test. The Fort Wayne Gas company, which gets its supply from Blackford county, has been busy all summer putting down wells.

FALLING HAIR RESTORED

After I was taken ill my hair commenced to fall, and turned gray rapidly. I commenced to use CUTICURA. The scalp became healthier and more natural every day. Now I have a crop of fine brown hair all over my head about one inch and a half in length. My nurse is delighted because the new hairs are brown. I never had very luxuriant hair, even in my youth. It is as thick on my head to-day as it ever was, and CUTICURA did it.

SITUATION IS GRAVE

So Regarded by Parisian Press and Public.

Zurlinden's Prosecution of Picquart a Danger.

Civil and Military Authorities in Acute Conflict.

The Political Atmosphere Surcharged With Dangerous Electricity, Generated by the Dreyfus Affair.

PARIS, Sept. 22.—The situation here is generally admitted to be grave by both press and people. The conflict between the civil and military authorities is becoming acute. The sudden and unexpected action of General Zurlinden, the military governor of Paris, in prosecuting Colonel Picquart on the charge of forgery and using forged documents assumes a grave aspect on account of the circumstances attending this intervention of the military authorities in a civil court. At the present moment, when the political atmosphere is surcharged with dangerous electricity generated by the Dreyfus affair, the general, who has just quitted the cabinet, in defiance of civil authority, takes without consulting his successor of the premier, an important case.

In ordinary circumstances the military governor is empowered to act independently; but, now that the Dreyfus question has become a great national matter, every proceeding in the affair has state importance.

General Zurlinden's ignorance of this obvious fact is very significant.

BUT A STEP TO DICTATORSHIP.

He comes forward as the defender of the army, the prosecutor of its supposed calumniators and the resolute opponent of a revision of the case. From this to an appeal to the public in the line of the establishment of a dictatorship there is no wide step.

The Soleil says that owing to yesterday's events, the cabinet, at an informal conference discussed General Zurlinden's action, and the Fronde even asserts that the premier, M. Brisson, disavows the measures taken against Picquart, which he says were instituted without the knowledge of the cabinet.

The Radical makes a bitter attack on the general staff, which it charges with aiming at the moral assassination of Picquart through a secret military trial.

Henri Rochefort, in his paper, the Intransigeant, remarks that Picquart was bribed by a syndicate or by Germany to save Dreyfus.

Jaures, the socialist deputy in the Petite Republique, maintains that the general staff of the French army cannot now escape the full light of a revision of the Dreyfus case.

SCHOONER WRECKED.

Crew of the C. C. Funk Lost off Flinders Island.

SAN FRANCISCO, Sept. 22.—Australian papers received here on the steamer Alameda report the wreck of the schooner C. C. Funk, on Flinders island, on July 31, with ten of her crew, all of whom shipped on the well known coaster either here or in the north. Only two seamen, Albert Krough and John Peterson, were saved, and but one body had been recovered when the Alameda sailed.

It was that of Peter Neilson. The list of the drowned is as follows:

Captain and Mrs. Nesson and two children, aged eight and five years respectively; A. Hanson, chief mate; J. S. Stump, second mate; Charles Olsen, Peter Neilson, Chas. Johnson, Peter Anton, able seamen.

The vessel was driven ashore by a gale and went to pieces in the surf.

LEITER AS HOTEL MANAGER.

Chicago Man Said to be Negotiating for the Holland House.

NEW YORK, Sept. 22.—Is Joe Leiter to make another lightning transformation and blossom out as the proprietor of a hotel? Rumor has it that he and F. W. Rice have secured an interest in the Holland house and that shortly they will take an active hand in the management of the place.

At the Holland house ignorance is professed regarding the intentions of the Chicago men or the desire of the present owners to sell some of their holdings. It is said in other places, however, that the deal has practically been completed. It has been rumored for some time that Mrs. Angie Kinsley, the chief owner of the hotel, is anxious to dispose of a part of her stock. Before his death her husband was known as the proprietor of the swellest restaurant in Chicago.

BEN, THE MISSING LINK.

New York Interested in a Visitor Just Arrived From Java.

NEW YORK, Sept. 22.—The missing link, or his near relative, arrived yesterday on the British steamship Indrani, from Borneo. Ben, as he is called, is the property of Captain Theophilus Trotter, commander of the Indrani, and his chief engineer, John Drew. They bought him for a song from a woman in Java, who had made him a domestic pet.

Ben is a little more than two and a half feet high and he has legs and arms that are longer by half than his slender body. Like all of his kind, Ben never uses his hands in walking, but stalks along in an upright position, with his broad shoulders well braced back. His face is ebony and looks very human.

The coarse, dark brown hair that covers his body is sparse on his arms and legs, but grows low on his forehead, which shows not more than two inches of bare skin.

His eyebrows are arched above a pair of big brown, kind-looking eyes, which lack entirely the cunning look that is usual among members of the monkey tribe. These eyes are mild in their expression—as mild and bland as those of a Mongolian. The nose favors the human animal. The chin recedes, but not more so, as Captain Trotter asserted, than some of the human apes seen in civilized countries. On the voyage Ben became a thorough sailor, and not one of the tars can climb to the masthead any quicker than he.

Judge O'Rourke and jury this morning heard the evidence in the case against William Honeick, appealed from the justice's court, in which the defendant had been fined for committing an assault and battery on Charles A. Hays, the attorney. The jury was not long in reaching a verdict finding for Honeick and so reported to the court at noon.

Charles Osborne, the lad arrested for entering a Wabash freight car, pleaded guilty to breaking the seal on a car and was sentenced to serve from one to three years in the Jeffersonville reformatory.

WANTS NO ALIMONY.

CHANGE OF VENUE.

The suit for damages of John M. Fleischman vs. John H. Bass, receiver of the Consolidated street railway company, wherein the plaintiff asks for damages in the sum of $2,000, has been filed in the Whitley county court on a change of venue from Allen county.

ROW OVER CANAL BED.

Dr. L. S. Null today filed an affidavit in Justice Bullerman's court charging Henry Welling with malicious trespass. Dr. Null and Will Rodgers, of New Haven, purchased part of the old canal bed on which Henry Welling had been living for some time. Mr. Welling claimed the land by right of occupancy and when Messrs. Null and Rodgers commenced to build a fence on the property Mr. Welling proceeded to tear out the posts and fill up the post-holes. The result was the affidavit for malicious trespass.

NO DAYS OF GRACE.

Spain Must Evacuate Cuba With All Expedition.

Request for More Time Will Not be Granted.

American Troops Preparing to Occupy the Island.

Spain Wants Until Next Spring to Get Away—More Spanish Soldiers Sail From Porto Rico.

WASHINGTON, Sept. 22.—It is stated that the war department has received no detailed reports or any information from the Cuban military commission regarding the work of the commission at Havana.

In reply to the question as to whether there was any disposition to accede to the request of the Spaniards for a postponement of the evacuation of Cuba until some time next spring, the statement was made that no delay would be considered, so that the evacuation must proceed with expedition, and that the troops of the United States were now being put in readiness for the occupation of Cuba and would be sent there.

No definite date has been fixed for their departure.

EVACUATION OF PORTO RICO.

SAN JUAN, Island of Porto Rico, Sept. 21 (delayed in transmission).—The Spanish transport San Francisco sailed for Spain today. There was a repetition of yesterday's scene when the Asturias battalion of Spanish troops marched to the wharf of embarkation. Captain General Macias and his staff reviewed the departing soldiers, who bade farewell to their sweethearts and wives. Some of the soldiers wept profusely, and there was quite a pathetic aspect to the affair. As the ship swung away from the pier the soldiers on board of her raised a faint cheer and the women proceeded to the sea wall, where they stood for hours waving their handkerchiefs until the San Francisco was only a speck on the horizon.

The Spaniards, at the meetings of the military commissions, are raising many questions regarding the civil administration of the island and the disposition of public property; but the American commissioners refuse to discuss them as being beyond their jurisdiction. Our commissioners are disposed to allow the Spaniards to carry off a lot of useless, old material, rather than make a fight to retain it.

The United States steamer Supply is here, bound for Santiago.

CERVERA REACHES MADRID.

MADRID, Sept. 22.—Admiral Cervera arrived here today. There were no incidents worth noting in connection with his arrival at the capital.

EMBARKED FOR SPAIN.

WASHINGTON, D. C., Sept. 22.—The acting secretary of war has received a message from Gen. Brooke, chairman of the Porto Rican evacuation commission, at San Juan, saying that 800 Spanish troops embarked for home today.

GENERAL GREENE BACK FROM MANILA.

SAN FRANCISCO, Sept. 21.—The steamer China arrived from Hong Kong and Nagaski today.

The China showed a clear bill of health and was not put in quarantine. General Merritt did not come on the China, as was expected, but Brigadier General Greene and his staff are on board.

SHOOTING OF SPANISH PRISONERS.

WASHINGTON, Sept. 22.—Lieutenant Colonel Dudley, of the judge advocate general's department, has returned to Washington and is now engaged in the preparation of his report upon the conditions under which the Spanish prisoners on the Harvard were killed. It is believed that Colonel Dudley has already collected sufficient testimony to make clear the fact that the firing upon the Spaniards was a necessary and justifiable action.

ALGER BLAMES THE COMMANDERS.

ATLANTA, Ga., Sept. 22.—The Atlanta Journal publishes an article dated at Knoxville, Tenn., and quoting General Alger, secretary of war, as follows:

"I came here to visit this camp with the purpose of acquainting myself with the conditions and to see for myself just how the troops are faring and to hear from the officers any recommendations which they think will benefit the camp. I want to hear what the commanders have to say about division and regimental hospitals, more especially. There has been a great deal of talk about the condition of the camps and hospitals. I want to say that had the war department been acquainted with the conditions said to have existed at Chickamauga the troops there would have been moved long before they were. We received only good reports at Washington from the commanding officers, and it was supposed that the outside reports were exaggerated. The commanders of camps are responsible for the condition of their camps, and if the men are not well cared for and if the hospital and sanitary conditions are bad the commanding officers must answer for it.

"The war department has been and is ready to supply the demands of the troops for medicines and sustenance, and there is no reason why conditions other than the best possible should exist. The officers at Camp Thomas had the same agencies at command as other officers, and I want to know why conditions there should have been different."

Colonel Gardner, of the Thirty-first Michigan, expressed the opinion that the deplorable condition formerly existing at the camp could be traced to the substitution of the general hospital system for the regimental system.

CONTEST LIVELY.

Progress of the Voting for Carnival Queen.

Miss Velma Church Leads, With Miss Mae Williams a Very Close Second—Street Fair Notes.

The middle of the week count of the votes for queen was made yesterday afternoon and the result was as follows:

Velma Church	664
Mae Williams	622
Alice Crane	145
Elizabeth Knight	39
Mamie Frank	29
Emma Gillion	27
Florence Erickson	24
Emma Rurode	20
Mrs. H. W. McCausland	13
Hazel Pease	12
Mrs. G. L. Greenawalt	11
Carrie Roth	5
Emily Hood	5
Katie Griffith	3
Bessie Vanness	3
Scattering	75
Total	1,591

The prize to be given the queen of the carnival after her coronation consists of a solid silver dinner set of forty-eight pieces in a magnificent cabinet. The three prizes for honors in the floral parade are also of silver and gold, and are useful and ornamental household accessories. It is useless to attempt a description—they must all be seen to be appreciated and all are on exhibition in the south window of the Rurode dry goods company.

Things look pretty busy around the midway in spite of the bad weather. Within another week the old flats will scarcely be recognizable.

The secretary's office is overrun with applications from merchants for booth builders. The committee has put one or two carpenters on their list but would like more. Carpenters who want to do this kind of work should leave their addresses at the secretary's office and they will then be in position to receive orders.

The Saginaw street fair is now in progress. The committee is in receipt of a copy of the carnival edition of the Saginaw Courier-Herald and it is a handsome publication of forty-four pages with illuminated cover pages and so chock full of advertising and original reading matter that the paper bulges out at the sides.

The Vienna cafe will be an almost exact reproduction of the one at the world's fair, only it will be smaller. The dimensions are 100x40 feet and the structure will be a peach. What a man won't be able to get at the Vienna cafe won't be worth calling for.

Mrs Frank Alderman has placed a very vivid and lifelike painting of "The Vacant Chair" in the curio room at the women's building. It represents an old cane bottom chair, with an empty uniform hung on the wall near by and a gun in close proximity. The picture is appropriately draped and presents a very striking appearance.

All members of the W. C. T. U., including those who have given their names since Mrs. Bullock has been here, are requested to meet in the chapel of the Baptist church this evening promptly at 7 o'clock.

WITHDRAWS HER SUIT.

Aged Indianian Settles With Former Young Sweetheart Out of Court.

ANDERSON, Ind., Sept. 22.—Lydia Ferguson, aged twenty, of Bethel, Ohio, has withdrawn her $15,000 breach of promise suit which she filed some weeks ago against Francis Watkins, aged eighty, of this city. It was compromised.

Watkins is one of the substantial men of eastern Indiana, and one of the best known Methodist church laymen in this conference. He met the girl, fell in love, wrote her letters worthy of a sixteen-year-old and planned to elope to Indianapolis. His daughters, as old as the bride-elect, heard of it some way, went to Indianapolis in advance, intercepted the bride-elect and read the riot act to her and finally broke up the affair. It created a sensation, owing to his prominence and age.

The fifteenth annual reunion of the Thirtieth Indiana volunteer regiment will be held Wednesday, Sept. 28, at North Webster, Kosciusko county. North Webster is a beautiful inland village, nine miles from any railroad. Soldiers from Fort Wayne and all other points will be met at near railroad stations by friends with conveyances and taken to the scene of the reunion. Trains will be met at Pierceton on the Pennsylvania line, at Leesburg on the Big Four, and at Syracuse on the Baltimore and Ohio. A number of deaths have occurred in the ranks of the "Old Thirtieth" during the past year, but in no case, perhaps, has there answered the last long roll a veteran of the regiment who will be missed with greater sorrow by his comrades than the late Captain James B. White, of this city. Captain White made it a patriotic duty never to miss a reunion of his regiment and no soldier ever kept himself in closer and more sympathetic touch with his old comrades than Captain White.

UNDER THE BAN.

Trial of James E. Pike at St. Paul's M. E. Church.

Charges of a Serious Nature Filed by George J. Downey—Other Members are to be Brought Up.

A church trial of one of the prominent members of the St. Paul M. E. church, James E. Pike, was begun at that church this morning, to investigate charges brought by Geo. J. Downey, also a member of the church. The charges are those of sowing dissension among the members of the congregation, falsehood, and entering saloons.

The Rev. O. S. Harrison, of Markle, Huntington county, is sitting in the capacity of judge. The Rev. Henry Bridge, of Huntington, is prosecuting the case, with the Rev. C. C. Cissel, as assistant. Homer C. Hartman is defending Mr. Pike.

Up to the noon hour only a little of the testimony had been taken and not enough was heard to show whether the charges were well grounded or not. The trial of Mr. Pike, it is understood, is but the beginning of a more extended trial of ten or more members of the congregation, whose trials will come off in proper order this week and next.

The Rev. M. C. Cooper, pastor of the church, has labored hard to prevent this turn of affairs but he found that there was no other way to restore the church to its harmonious condition than by placing on church trial those members who were recreant to their duties as Christians and church members.

FATAL PARALYSIS.

Death of Mrs. Moses W. Winter Early This Morning.

Suffered a Stroke Monday and Was Speechless Ever Since—Little Lloyd Pens Died of Brain Fever.

Mrs. Anna Winters, wife of Moses W. Winter, a silver plater, died of paralysis at 1:15 o'clock this morning. Her death occurred at the family residence, 35 Home avenue. Mrs. Winters was stricken with paralysis last Monday morning, the fourth stroke she suffered within a year. Heretofore she rallied from the attacks, but the last one rendered her entirely helpless and her condition was considered critical from the start. The affliction was more distressing to the family because the patient was deprived of speech. She was not able to talk up to the time of her death. Mrs. Winter was a woman whose qualities of heart and deeds of hand endeared her to a wide circle of friends. Besides the husband there is one daughter, Miss Estelle Winter, to mourn her death in the immediate family. The young lady is a teacher in the Minor school.

PENS.

Lloyd, the son of Mr. and Mrs. Albert Pens, of 120 Howell street, died of brain fever this morning, age one year and nine months. The funeral will be held Sunday at 2 p. m., from the St. John's Lutheran church, the Rev. Dannecker officiating.

PLACED IN STATE.

Body of Consul Proskowetz Lies in a Death Chamber at the Consulate.

The funeral of Consul General Proskowetz, who was killed in this city, will be held at Chicago tomorrow morning at 10 o'clock. The remains arrived in Chicago yesterday afternoon, accompanied by Dr. Lorrin and Attorney Weiner as escort for the Austria-Hungary consulate. The body was taken to the consulate and placed in state, the death chamber being arranged with draperies of black. Dr. Freysslében, vice consul of New York city, arrived there yesterday. He was a personal friend of the dead chevalier. At the funeral there will be a special guard of honor from members of the Society of Austrian Veterans.

This afternoon Rev. C. C. Cissell was notified by telegram of the death of his nephew, Robert B. Gushwa, a young soldier, who passed away at Fernandina, Fla., last night. The cause of death was typhoid fever. Deceased was only twenty-one years old. He was the son of Mrs. Ben Gushwa, of Evanston, Ill., who was a patient of one of the Fort Wayne hospitals nearly all of last winter. The remains will be shipped to Corunna, Ind., where other members of the family are interred.

THE LEADERS MEET.

Col. W. J. Bryan Calls on President McKinley.

Is Cordially Greeted by the Chief Executive.

With Governor Holcomb He Visits the War Department.

Makes No Request That His Regiment be Mustered Out—Camp Life Said to be Undermining His Health.

WASHINGTON, Sept. 22.—Col. W. J. Bryan, Third Nebraska volunteers, was at the war department today, and occasioned as much interest among the employes as a Santiago hero. Colonel Bryan was accompanied by Governor Holcomb and Representative Starke, of Nebraska. They went first to the adjutant general's office, where Colonel Bryan registered, stating that he expected to return to his station today.

In General Corbin's office he shook hands with the general and introduced the gentlemen accompanying him. The call was formal and brief. The party was then introduced to Acting Secretary Meiklejohn, but remained there only a few minutes, returning to the adjutant general's office.

General Corbin inquired as to the condition of the camp at Jacksonville, and asked if the soldiers wanted to come home. Colonel Bryan said that he had not made a poll, but his judgment as to their sentiment was that they did wish to be mustered out.

Colonel Bryan went from the adjutant general's office to army headquarters and called on General Miles.

Neither to the acting secretary of war nor to the adjutant general did Colonel Bryan or Governor Holcomb make any request as to mustering out the Third Nebraska regiment, or allude to the desires of Colonel Bryan in reference to the subject.

CALLS ON THE PRESIDENT.

After leaving the war department Colonel Bryan and his party went to the white house, where they were immediately ushered into the president's room. The party were cordially received by President McKinley and remained in conference with him for over an hour. They did not prefer a request for the mustering out of the regiment as a whole, but only for the discharge of such of its members as are disabled by disease or such as have peculiar ends upon them.

They represented that there were 20 per cent. of the members of the regiment ill, and they urged that these should be relieved and sent to their homes where they argued that in all probability most of them would speedily recover because of the difference in the climate of Nebraska and that of Florida.

The president gave careful attention to all that was said, and talked sympathetically with his callers concerning the conditions of these men, but he made no positive promise as to the course he would pursue in the matter. After the interview with the president the three Nebraskans returned to the war department.

Mr. Bryan said as he left the white house he would return to his regiment tonight. He was dressed in the full uniform of a colonel and beyond the fact that his complexion testified to his exposure to the southern sun he looked very much as he did in the campaign days of '96.

COLONEL BRYAN'S LIFE ENDANGERED.

LINCOLN, Neb., Sept. 22.—A letter is published here, signed by H. E. Newbranch, a personal and political friend of W. J. Bryan. The writer, referring to the visit of Governor Holcomb to Washington to secure the muster out of the Third Nebraska regiment, makes the statement that soldier life is so wearing on Colonel Bryan that his life will be the forfeit of his retention in the service. Mr. Newbranch insists that Mr. Bryan's health is failing fast and says:

"This man, whom you met on the streets of Lincoln but a month or two ago in the full bloom of a strong and vigorous manhood, would be almost unrecognizable to you were you to meet him today. For the robust physique is wasting; his face is worn, thin and pale; his flesh is shrunken, his eyes are set in black hollows. I was told yesterday by a friend, who spoke with all the energy of a profound conviction, that if Mr. Bryan were not removed from Jacksonville in ninety days his death would follow. He is a hero as truly as was ever knight of old, giving his life for his follow men."

It was said at the state house today that Governor Holcomb, when he calls on President McKinley today, will not insist on the muster out of the Third regiment if it is permitted to come north, preferably to Nebraska.

FIGHT GOES ON.

Victorious in the Third Pool, the Miners Will Attend to the Fourth.

MONONGAHELA CITY, Pa., Sept. 22.—Having scored a victory in the third pool, the miners will now turn their attention to the mines in the fourth pool, where the Chicago agreement is being violated. The contest will be opened in a few days and the officials say will be waged vigorously until every operator is paying the district rate.

Three mines in the third pool are idle, the employer, Capt. S. S. Brown, not having signified his willingness to comply with the Chicago agreement. The fight will be continued at those mines until the strikers are successful.

POLICE NEWS.

Edward Ramer Was Fined for Wife Desertion.

Frank Turner and Frank Daily Paid a Fine For Fighting—Justice Huser Was Acting Mayor.

Justice Huser presided in police court this morning and was confronted by five prisoners. Edward Ramer was there to answer a charge of wife desertion. He admitted that he had deserted Mrs. Ramer and their one-year-old child, but they had fixed up their differences and were going to housekeeping. He had secured work and intended to hereafter support them. Justice Huser was about to allow him his freedom so that he could hold his position, when Deputy Prosecutor Thomas interposed an objection and advised that the fellow be sent to jail until his wife had signified that she was satisfied that Ramer would support her. The justice then assessed a fine of $10 and costs and the wife deserter went to jail.

Frank Daily and Frank Turner were in court to answer a charge of assault and battery on each other. They were arrested by Officer Rohrer at midnight last night while engaged in a scrap at the corner of Main and Calhoun streets. The two men were quite friendly in police court and tried to save each other from paying a fine. They claimed to have been "sky-larking" and were merely enjoying a friendly set-to when the officer arrested them. Turner is an implement agent and Daily works on the court house.

Charles Snyder, a drunk arrested by Officer Paul, and John Kay, another drunk, arrested by Officer Rohrer, were sent to jail for eleven days.

IMPOSED ON MERCHANTS.

For some time a thirteen-year-old girl has been begging money from merchants, claiming that her parents, who lived on the New Haven road, were in want. Secretary Mohler, of the Associated Charities, made an investigation and finds that the family does not live on the New Haven road. There is a family of the name used by the little girl and she is a member of it, but they are not in want and even if they were, relatives would see to it that they did not have to beg. There is no truth in the story told by the little girl.

There was a meeting of the soldiers of southern Michigan and northern Indiana, at Nappanee, Ind., yesterday. It was an immense gathering and there was a wonderful enthusiasm. Among the speakers was William D. Parr, of this city.

Dennis Cleary and bride were surprised by the Hibernian Rifles on the day of the wedding, last Tuesday, when the couple was presented with a beautiful dining room set. The present was a testimonial from the comrades of Mr. Cleary, who is a member of the Rifles. The guests were given a good time.

Elder Z. A. Harris has just closed a successful commencement work at Bluffton, placing its permanent future with the fifth missionary district of Indiana. He brings with him an excellent young singing evangelist and resumes his pastoral work in the Creighton avenue Church of Christ in view of holding a revival in the near future, and for which special services will be held next Lord's day.

John Houlihan is in receipt of a letter from his brother, Michael J. Houlihan, who is now with company M, Eleventh United States infantry, in Porto Rico. The item concerning a soldier named Michael Houlihan, which appeared in the Fort Wayne papers several weeks ago, was misleading, inasmuch as it created the impression that our own Mike was sick. The sick soldier referred to was a member of company D, Eleventh regiment, whose home is in Colfax, Ind.

SIGNED IN SECRET.

LONDON, Sept. 22.—A dispatch to the Globe from Hong Kong, published this afternoon, purports to give details of the secret convention signed at Pekin on March 27. It appears that Hsu Ying-K'Uoei, of the Chinese foreign office, thereby concluded an agreement with St. Petersburg by which China ceded Port Arthur and Ta-Lien-Wan, stipulating that only Russian and Chinese warships enter or dock at Port Arthur.

Russia, it also appears, gets the exclusive use of the inner harbor of Ta-Lien-Wan, the sole administration of the ceded territories and a tract of land north of Ta-Lien-Wan, which is designated as a buffer belt.

Assistance was sent from the Gefion and the men accused were eventually brought before the German acting consul and the accused will have to be sent to the vessel's port of entry, Bremen, to be tried for the offense. The prisoners consist of four Dutchmen, one Englishman and one German.

The Belgian contract for the construction of the Luhan railway has been ratified.

There are rumors of British and Japanese concessions on the island of Nantai at Foo Chow. One of the members of the crew of H. M. S. Linnet, has been making a survey in the neighborhood, it is thought, for the information of Sir Claude MacDonald.

RUSSIA GRABBING LAND.

News comes from New Chwang that the Russians have been acquiring large tracts of the land in the vicinity to make capital out of the proposed British railway enterprise in that region as it seems that the land on the proposed route of the Russian railway has been purchased by the British, who demanded exorbitant prices for the same. The Russians, by way of checkmating their rivals, have commenced building in the north of New Chwang without the necessary formality of purchasing or leasing the land from its owners, practically grabbing lots they required, urging that as they had only built on the land, its owners could not help themselves and could be amenable to any terms offered by the Russians.

By these means they would hold the whip-hand over the railway in eastern China, which is to run from Petuna to Port Arthur via Migra Londkin and Nachling, with a branch from Port Arthur to New Chawang.

THERE may be a bottom to the Dreyfus infamy, but it has not yet been struck.

GOVERNOR PINGREE has a way of making his enemies like him whether they want to or not.

THE farther Secretary Alger travels in his camp inspections the more he discovers the need of an investigation that was begun weeks too late.

JAMES J. HILL, the already risen and now waxing star in the railroad world of the northwest, who is in the reported purchase of the Baltimore and Ohio, began life as a "mud clerk" on the Mississippi. He managed to keep his road, the Great Northern, out of the hands of the receiver in the crash which put all other northwestern roads over their heads in trouble, and has performed other feats that railroad men recognize as notable. He is always anxious to keep his doings out of the newspapers and has a record for success in that direction.

IT is said in defense of Surgeon Heidekoper that he is a very good horse and dog doctor and a most elegant gentleman who in the care of human beings did the very best he knew how. That ought to settle the clamor.

SOME republican newspapers and republican leaders are in a quandary with respect to Colonel Bryan. They hope he will resign his commission that they may scorch him for quitting the service and they are afraid to have him actively concerning himself in the campaign.

DURING the present week the government has been selling at auction in New York the horses purchased for use of the "Rough Riders." Except in special instances where some cowboy wanted to own his warhorse or the friends of some fallen trooper wished to become possessors of his mount the horses brought very small prices. Some went as low as $1 and $5. The average was $16. At the outbreak of the war the government paid an average of $65 apiece for them, almost the price of Kentucky thoroughbreds. Yet these cavalry horses were only Texas bronchos. Contractors who sold horses to the government were no less skilled in the art of skinning than the contractors who sold old scows of the Merrimac type to the government for several times their value. Incidentally it may be remarked that all the horses being sold are in execrably poor condition, showing that the volunteers have not alone suffered from bad rations.

SHIFTS THE BLAME.

If Secretary Alger is not misquoted in a statement he made to the army officers at Knoxville yesterday he is seeking to shift the blame for camp horrors upon the commanders. In the course of the statement referred to the secretary said:

"I want to say that had the war department been acquainted with the conditions said to have existed at Chickamauga the troops there would have been moved long before they were. We received only good reports at Washington from the commanding officers and it was supposed that the outside reports were exaggerated. The commanders of camps are responsible for the condition of their camps, and if the men are not well cared for and if the hospital and sanitary conditions are bad the commanding officer must answer for it. The war department has been and is ready to supply the demand of the troops for medicine and sustenance and there is no reason why conditions other than the best possible should exist."

Two most important facts are brought out by General Alger's words. It is made clear to him, as he virtually admits, that there has been gross incompetence, criminal negligence in the camps, especially in the hospitals, and he confesses that the reports which were rife in the newspapers concerning the treatment of sick soldiers were given no attention and no credence by the war department. He charges responsibility for bad conditions to the commanding officers. In short the secretary of war is shifting the blame from the fountain-head of authority in the war department to subordinates in the army.

Secretary Alger's excuse will not be readily accepted. His plaint that conditions were not reported to him by the commanding officers is childish. It argues that the war department is without power of initiative to learn such matters for itself, which is mere nonsense. The newspapers—not the despised "yellow" journals, but clean and reputable and temperate newspapers of the secretary's own political party—were teeming with stories of cruel neglect of sick soldiers in the big camps and the matter had assumed the proportions of a great national scandal. It must have occurred to the war secretary that some ground of truth was underneath the tremendous mass of criticism. It must have occurred to him that he should ascertain how far the attacks on the war department were groundless and how far they were just. Instead of prosecuting his inspection of the fever camps while the conditions existed, he has postponed his tour until those camps are for the most part abandoned. His demand that his department be investigated was not the essential thing. He should weeks ago have done what he is doing now. He should have begun to see for himself.

Secretary Alger will now find the blame hard to shift.

Robert Buck & Sons' furniture factory, wareroom, and a large quantity of lumber were destroyed by fire at Laporte. Loss $25,000.

Corporal Ed. Willis, Company I, One Hundred and Fifty-seventh regiment, is dangerously sick at home in Waterloo with typhoid fever. He is a son of Editor Frank W. Willis, of the Waterloo Press.

Jacob Steuver, of Bippus, Huntington county, has filed suit for $10,000 damages against Anthony M. Burns, of the same place, alleging malpractice in the treatment of a fracture. Dr. Burns is a highly reputable physician at Bippus.

Folks in the vicinity of Larwill, Whitley county, are in a condition bordering on terror over the appearance of a wild animal in the woods thereabouts. The animal has been seen by several persons of good repute and temperate habits. No one seems able to describe the beast with much accuracy.

George Michaels, of Silver Lake, Kosciusko county, claims to be the prize pumpkin-raiser of Indiana. He has now taken from his patch ten of the golden vegetables, the aggregate weight of the ten being 450 pounds. The heaviest pumpkin in the lot weighs sixty pounds. Measurement of the ten gave a total circumference of forty-six feet.

Levi Smeltzer, residing just north of Wakarusa, died last Wednesday morning, as a direct result of eating too many grapes. He had eaten excessively of the fruit Tuesday and immediately after began working hard at ditching. He was taken with severe pain in the abdominal region. The patient died the following morning in great agony.

Carl Kleder, aged about twenty-three years, son of C. D. Kleder, of Midford, died at his home in that place Tuesday night, of typho-malarial fever. Deceased had enlisted in the Red Cross society as a nurse and was stationed at Chickamauga, where he was first taken sick. He was kept in the hospital a short time and then sent to Milford. His condition showed marked improvement, and a few days ago he was able to be out, but suffered a relapse which brought about his death.

BUENOS AYRES, Sept. 22.—El Tiempo says Chili has given Argentina five days in which to accept unrestricted arbitration of the boundary dispute between the two countries.

STILL FOR PINGREE.

Michigan Republicans Renominate the Governor.

It Was All Easy Enough—Platform Endorses McKinley and Alger and Conduct of the War.

DETROIT, Mich., Sept. 22.—Governor Pingree was renominated unanimously late yesterday afternoon for a second term by the republican state convention that convened at 11 o'clock yesterday morning. There was absolutely no opposition, although among the 1,091 delegates there were many who were antagonistic to the "friend of the people." These ignored him in their speeches.

The name of the governor was presented by Charles Flowers, corporation counsel, and the speech was wildly cheered. No other candidate appeared.

Governor Pingree was compelled to make a speech and was given a warm reception. Among other things he said:

"I'm just the same old bald-headed Pingree that I was two years ago. I'm just the same kind of a republican—I believe that principles should come before the party. When we nominate a man who violates these principles I believe we are not good republicans unless we show him up. The party was made for the common people. That is why I am a republican."

M'KINLEY AND ALGER ENDORSED.

The platform adopted by the convention endorses the national administration, William McKinley, the conduct of the war, Secretary of War Alger, the St. Louis platform, the return of business prosperity, the Dingley bill, Governor Pingree and the state administration and the Atkinson equal-taxation reform measure.

The Pingree men claim to be in control of the state central committee, thirteen of the twenty-four members being "reformers." D. M. Ferry's name is missing. The opposition also claims to be in control.

BUSINESS PARALYZED.

Depositors of Parson's Bank Want to Know Where Their Money Has Gone.

NILES, Mich., Sept. 22.—The failure of the Parson's bank at Burr Oak has completely paralyzed the business of the place and is proving a terrible blow to the depositors. The streets are crowded day and night by people eager to learn the latest developments. President Parsons has conducted a bank in Burr Oak for thirty-five years and was counted as one of the wealthiest men in southwest Michigan. His downfall is due to poor investments in property in Chicago and Salt Lake City, Utah. During the last four years he has done business on the Chicago board of trade, but he will not talk about it.

Most of the depositors were drawing 4 per cent. interest per annum, and because he paid this interest when other banks were only paying 3 per cent. the amount of money placed in his bank in the last few years was large. There is due depositors $81,000. The last week the bank did business about $15,000 was deposited. The merchants declare Parsons will not be safe in town.

GAS RATES UPHELD.

Citizens of Peru, Ind., Made Happy by Judge Baker's Decision.

PERU, Ind., Sept. 21.—A case of importance to all the residents of Peru was decided in favor of the city yesterday by Judge Baker of the United States court at Indianapolis. It was a decision which lowers natural gas rates one-third, and as every family uses gas for fuel the entire population is rejoicing.

The city council passed an ordinance last year reducing the gas rates to the figure now upheld. The company, which is controlled by the powerful Diederich syndicate of New York, asked an injunction against the enforcement of the ordinance and the case has since been pending. The decision dissolves the injunction, makes the ordinance effective from its passage, and will give each consumer a nice rebate on the payments of last year. The gas company threatened once to shut off the supply and will probably renew the threat now.

CHURCH IS ENGULFED.

Pennsylvania Edifice Slowly Sinking Into a Mine.

HAZELTON, Pa., Sept. 22.—St. Patrick's church at Audenried is slowly sinking into the mines, and abandonment of the property probably will be necessary. For the past ten hours the ground has been settling and the southern wing of the church is almost entirely torn away, the main building being supported only by two badly twisted pillars.

Father Mallow ordered the removal of everything from the church this morning, and it is not thought that the building will be fit for use again. The cause of the cavein is a sudden rush of coal in a gangway running beneath four large pillars of coal in a breast, directly under the building. The church is valued at $8,000. Large fissures have appeared in the territory surrounding the church, but thus far no other property is affected.

WITH OLD COMRADES.

Honor Paid General Shafter in Michigan by His Old Regiment.

CONSTANTINE, Mich., Sept. 22.—Signal honor was paid to General Wm. R. Shafter when he came here last night to attend the reunion of his old regiment, the Nineteenth Michigan infantry. Citizens, irrespective of party, old townsmen from his birthplace at Galesburg, a few miles from here, and veterans of the war for the union united in paying tribute to the man whom banners and arches proclaimed to be the "hero of Santiago."

Constantine put on her holiday attire in honor of the event. The town was literally buried beneath the decorations of flags and bunting. Imposing evergreen arches bearing the words, "Welcome, Shafter," were built at the intersection of every street, and the residence and business houses displayed the national emblem in great profusion.

Every survivor of the regiment was present, besides thousands of visitors from out of town. When General Shafter arrived his old regiment formed in line, and amid the cheering of the great multitude escorted him to the home of his old friend, Colonel Frank D. Baldwin, of the Nineteenth.

General Shafter went to the front thirty-six years ago as colonel of the Nineteenth infantry. The meeting between the general and the gray-haired men who as boys followed him on the battlefield was very affecting, some of the old veterans crying for joy. An interesting camp fire was held last night, and General Shafter made a speech to his old comrades. The reunion continued today and the general will be the central figure.

General Shafter will probably visit his birthplace before leaving Michigan.

WILL GO TO CUBA.

Large Force to be Dispatched Next Month.

General Wheeler to Have a Responsible Command—Cavalry Division of Six Regiments to be Under His Charge.

WASHINGTON, Sept. 22.—The first steps have been taken toward preparing an army for the occupation of Cuba after the evacuation of the Spanish troops. General Miles and Acting Secretary Meiklejohn had a long conference on this subject yesterday afternoon for the purpose of assigning regiments and officers to duty in Cuba and Porto Rico.

General Wheeler is the first officer to be selected as a result of these conferences for a responsible command in the Cuban army of occupation. He will have charge of a cavalry division consisting of two brigades and composed of six regiments of regular cavalry.

The occupation of Cuba by American troops is to begin next month. The plans to carry this into effect are still the subject of discussion between the president and the war department, and have only been developed through the preliminary stages. A great deal remains to be arranged. Quartermasters and subsistence officers will shortly be designated to look after the details of transportation and supplies. The errors of the Santiago campaign are to be avoided and the officers who are placed in charge to provide for the troops will be required to exercise greater care than was the case when Shafter's army was sent to eastern Cuba.

VOLUNTEERS NOT ASSIGNED.

No one knows yet what regiments of volunteers will be assigned to duty in Cuba. When these regiments are selected it is probable that the remainder of the volunteer army, to the number of 60,000 men, will be mustered out of the service.

General Wheeler's cavalry command will consist of the Second, Fifth, Sixth, Seventh and Eighth and Tenth regiments. The division is destined to be most efficient command, as it will be made up not only of trained troopers, but will include three regiments—the Second, Sixth and Tenth—which have already served in Cuba. There has been some objection to assigning to duty on the island without a sufficient period of rest for the troops which had lately seen service in the Santiago campaign, and it has been one of General Miles' contentions, to which he has adhered with great tenacity, that the premature placing of regulars or volunteers in Cuba for active operations or garrison duty would prove fatal. This view has not been accepted by the president, and from present indications he will not approve of the proposition to delay sending the military force to Cuba.

IMPALED ON A PICKET

Frightful Accident Happens to Master Harry Kiesling.

Sharp Point Enters His Abdomen—Frank Pollock Falls From the Roof of a House—The Accidents.

Freddie, the young son of W. F. Kiesling, head baker for the Brenzinger bakery, while trying to vault an iron picket fence, last evening, fell upon one of the pickets, the point entering his abdomen and inflicting an ugly wound. The lad was taken to his home, 235 Broadway, where Dr. Carl Schilling made an examination. It was a miraculous escape for the lad from an instant death as the result would have been fatal if the picket had entered a little further.

FELL FROM A ROOF.

Frank Pollock, of 62 Hamilton street, fell from the roof of a house upon which he was working yesterday. Dr. Budd Van Sweringen was called and dressed the injuries. The left ankle was badly sprained and there were bruises on different parts of the body. The patient also suffers from the effects of slight internal injuries.

WATER CAUSES IT.

Photographers Meet With a Peculiar Difficulty.

Iron in the City Water Makes it Impossible to Tone Photographs—A Mystery Unraveled.

The nerves of all of the photographers in the city have been strained to a high tension the past week by a condition of affairs that rarely occurs in such an epidemic form, and now that the camera artists have their troubles all past it is time to congratulate them upon their escape from a difficulty so aggravating.

The first inkling that something was wrong came up when one of the photographers went to Jones' supply house house and complained of the paper on which photographic prints are made, saying that it was an inferior grade of material and not to fit use. Then came another photographer and another, and still some more, all having the same kick to register. Mr. Clark, of the establishment, gave each one of them another brand of paper and still the fault was not removed, for the pictures came out as badly as ever.

Fortunately for the photographers who were in the muddle, there came to the city on business a well known representative of an eastern photographic supply house, E. E. Shorer, to whom was referred the matter, and he set about to investigate. After several experiments at the studio of Felix Schanz, it was shown that the water used from the city supply pipes was responsible for the trouble, the iron in the water acting upon the chemically prepared paper so as to destroy the elements that are necessary to make the picture.

By the use of cistern water pictures were finished up without any difficulty. It is supposed that water from a new well was turned into the city mains, and containing more iron than the other wells, this chemical property was so thoroughly circulated as to affect the entire supply of the city. Iron in water is health-giving as a drink, but its continued use in the finishing of pictures will make a photographer's pocketbook look sick.

WOMEN WRECK A SALOON.

Investigation of a Mysterious Midnight Attack Dropped.

ANDERSON, Ind., Sept. 22.—The Dady Wheeler resort east of the city was completely demolished inside and out at an early hour yesterday morning.

An investigation was begun, but was hurriedly hushed up and the matter will be dropped. Wheeler will not push it for several reasons. The authorities are in a position now to believe that the work was done by temperance women.

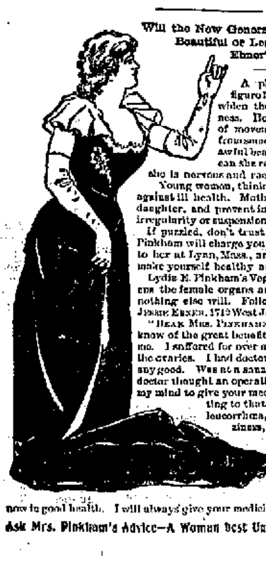
Wheeler has been making the place very objectionable and had been warned by the women that he and his place would not be tolerated. It is across the river and without police protection.

The assault was made at 2 o'clock in the morning and was, therefore, easily carried out without anyone being detected.

The women suspected refuse to see anyone or to converse on the subject. The doors and windows were broken and the bar goods and mirrors fell with a crash. Wheeler will not make an attempt to reopen. People of prominence will see the investigation stops where it is.

Recently at Fairmount, just north of this point, the women made a raid like this and emptied all the liquors into the street. The place was repaired and opened, but shortly after it was sent to the four winds by an application of dynamite.

MRS. PINKHAM TALKS TO THE FUTURE WOMAN.



Will the New Generation of Women be More Beautiful or Less So? Miss Jessie Ebner's Experience.

A pleasing face and graceful figure! These are equipments that widen the sphere of woman's usefulness. How can a woman have grace of movement when she is suffering from some disorder that gives her those awful bearing down sensations? How can she retain her beautiful face when she is nervous and racked with pain?

Young women, think of your future and provide against ill health. Mothers, think of your growing daughter, and prevent in her as well as in yourself irregularity or suspension of nature's duties.

If puzzled, don't trust your own judgment. Mrs. Pinkham will charge you nothing for her advice; write to her at Lynn, Mass., and she will tell you how to make yourself healthy and strong.

Lydia E. Pinkham's Vegetable Compound strengthens the female organs and regulates the menses as nothing else will. Following is a letter from Miss JESSIE EBNER, 1712 West Jefferson St., Sandusky, Ohio.

"DEAR MRS. PINKHAM:—I feel it my duty to let you know of the great benefit your remedies have been to me. I suffered for over a year with inflammation of the ovaries. I had doctored, but no medicine did me any good. Was at a sanatarium for two weeks. The doctor thought an operation necessary, but I made up my mind to give your medicine a trial before submitting to that. I was also troubled with leucorrhœa, painful menstruation, dizziness, nervousness, and was so weak that I was unable to stand or walk. I have taken in all several bottles of Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and am now in good health. I will always give your medicine the highest praise."

CAN NOT MARRY.

The Law Prevents Mr. Romy From Claiming a Bride.

County Clerk Metzgar Refused R. L. Romy and Miss Bertha Lugenbuehl a Marriage License.

R. L. Romy and Bertha Lugenbuehl will not marry in Indiana. All arrangements had been made for the ceremony to have been performed this afternoon at 4 o'clock at the residence of Mr. Romy, on Spy Run avenue, and Rev. John Borsch, of the St. John's Reformed church, was to have performed the ceremony.

When Mr. Romy called at the clerk's office shortly before noon to get the marriage license County Clerk Metzgar informed him that according to law the license could not be issued. Less than a month ago the bride to be was Mrs. Henry Diener.

On the 8th day of June she filed an application for divorce and a few weeks ago it came up for trial, but the defendant husband failed to appear, being a non-resident of the state.

Notice of proceedings was given by publication and although Judge O'Rourke granted the divorce the law provides that where a divorce is granted on notice by publication the plaintiff cannot marry for two years.

Mrs. Diener was allowed to resume her maiden name, Bertha Lugenbuehl, but according to the law she must not marry for two years. For this reason Clerk Metzgar refused to grant Mr. Romy a license to marry Miss Lugenbuehl and if the couple become man and wife within two years the ceremony must be performed in some other state.

FOUR BOXES DID IT.

Remarkable Success of a New Pile Cure.

People who have suffered for months or years from the pain and inconvenience of that common disorder, piles, will look with skepticism upon the claims of the makers of the new discovery for cure of all forms of piles, known under the name of Pyramid Pile Cure; nevertheless the extraordinary cures performed by this remedy are such as to warrant the investigation of any sufferer. As a case in point the following letter speaks for itself.

Mr. Henry Thomas of sub-station No. 3, Hosack Ave., Columbus, Ohio, writes as follows:

Pyramid Drug Co.:

Gentlemen:—I want you to use my name if it will be of any use to you. I was so bad with the piles that I lost work on that account. Nothing did me any good. I read in Cincinnati of the many cures of piles by the Pyramid Pile Cure and I went to a drug store and asked for it. The drug clerk told that he had something else that he thought was better, but I told him that I wanted to try the Pyramid first.

The first box helped me so much that I tried another and then to complete the cure used two more boxes, making four in all. I am now completely cured. Have not a trace of piles and I had suffered for four years with the worst form of protruding piles.

I suffered death from piles, but I have found the Pyramid Pile Cure to be just as represented. I have recommended it to several of my friends and I am thankful to be able to write you what good the remedy has done for me."

Physicians recommend the Pyramid Pile Cure because it contains no opium, cocaine or mineral poison of any kind, and because it is so safe and pleasant to use, being painless and applied at night. The patient is cured in a surprisingly short time with no inconvenience whatever.

The Pyramid Pile Cure is sold by druggists at 50 cents per package, and if there is any constipation it is well to use the Pyramid Pills at the same time with the Pile Cure, as constipation is very often the cause of piles and the pills effectually remove the costive condition. Price of pills is 25 cents per package.

Write to Pyramid Drug Co., Marshall, Mich., for little book on cause and cure of piles; sent by mail free.

NEW ARC LAMP.

One That Will Burn 125 Hours Without Trimming.

Supt. J. J. Wood Makes an Important Improvement—News of Shop and Rail.

A prominent Philadelphian, who spent three or four hours in the city last night, remarked that "the Fort Wayne system of electric lighting is the best in the United States." He also said that his city had lights put in by all the electric light companies in this country, for which it paid $105 per light, and those of the Fort Wayne Electric corporation were far superior to any of the others. Mr. J. J. Wood, Superintendent of the Fort Wayne Electric works, is the inventor of this lighting system. Not satisfied with its present proficiency, he has been at work for several weeks upon an improvement. As a result of his labors, a new arc lamp, constructed upon a different plan from the one now in use, is being tested at the electric works. This new lamp will burn brilliantly for 125 hours on a series circuit without retrimming, while the present lamp will run only seven hours. By this new system a saving is effected in carbon and labor, making electric lighting cheaper than under the old system. It will be some time before the new lamps will be put upon the market, but when they make their appearance, they will doubtless gradually take the place of all other arc lamps.

SHOPMAN BITTEN BY A DOG.

Frank Girard, a blacksmith employed at the Pittsburg shops, was attacked by a vicious dog while riding his bicycle on Hayden street, at 6:30 o'clock this morning. The canine sunk his teeth into Mr. Girard's right leg, inflicting a half dozen wounds from which the blood flowed freely. The wounds were cauterized and the incident reported to the police. The dog will be killed.

A NEW ENTERPRISE.

Ed Gilmartin, the lumberman, has set a force of men at work demolishing the house at the northeast corner of Barr and Holman streets. He will have erected on the lot a two story brick building, in which he will place a stock of building supplies and conduct a business in that line in connection with his lumber business. The house now being torn down is an old "landmark." It was built sixty years ago and for many years was known as Leifel's hotel, a place where some of the older citizens of Fort Wayne found shelter when they first came here.

WILL SELL THE PROPERTY.

The officials of the Standard Wheel company, who are now attending the convention of the carriage makers at St. Louis, will come here next week, when it is quite likely they will dispose of their valuable holdings—the Olds spoke factory—to parties who are looking for a location for a big factory. The Standard people have three offers for the property and it is believed that they will accept one of them. O. H. Larwill, it is said, endeavored to lease the main building for a factory in which to make electrical supplies, but was informed that the entire plant was about to be sold, hence a lease of a portion of it was impossible.

IMPROVED TWENTY-FIVE PER CENT.

The Wall Street Journal, published by Dow, Jones & Co., New York, has the following to say regarding recent improvements on the Wabash: "It is a conservative estimate to place the improvements of the physical condition of the Wabash at twenty-five per cent. during the past year. This statement is based on two trips which your correspondent has made over the road. The condition of the road bed of the Wabash is equal at present to any road in the west, if not superior."

AN ELECTRICIAN MARRIED.

Herbert B. Hadley and Miss Edith Bosman were married last evening at the home of the bride's parents in Winchendon, Mass. The bride and groom will reside in this city and will arrive here on No. 5, over the Nickel Plate, tomorrow afternoon. They have engaged quarters with Mrs. Jones, on Washington boulevard. Mr. Hadley is an electrician and a brother of A. L. Hadley, of the School of Electricity. He is employed by the Fort Wayne Electric corporation.

A WORKMAN HURT.

Matthias Lockrider, an employe of the Kerr Murray works and living at 22 Olive street, was injured early this morning by some castings falling upon him. It was at first thought that his right leg was broken, but an examination proved it to be only bruised. He was taken to his home in a buggy.

SPINNEY CUP CONTEST.

DAYTON, Sept. 22.—Dayton and Springfield will play off the Spinney Cup series of the Inter-State league this year, for the reason that the Toledos, who finished in second place, have refused to play. Toledo finished second by the margin of one point, but it is believed here that Springfield will be awarded second honors through a disputed game with New Castle. The first game of the cup series will be played here Friday, two on Saturday here and a double header at Springfield Sunday. The annual meeting of the league directors will be held here next Monday.

NOTES.

The fall meeting of the Inter-State league will be held in Dayton at some date to be fixed by President Power.

The game between the Battery boys and the Shamrocks to have been played next Sunday, has been postponed.

The last game of the season at Robison park will be played next Sunday afternoon. The Shamrocks and Keystones will play.

In his first game in the National league Bill Taylor failed to make a hit in three times at bat and in the field accepted three chances and made three errors.

Elmer Flick keeps up his hard hitting in the National league. Not a game passes but that the old Inter-State slugger hits out a few "bingoes," and generally among them is a long hit or two.

Rosebrough pitched part of the game yesterday for Pittsburg against Boston. He didn't go into the box, however, until after the game was lost. This was indeed a hard trial for a youngster.

Next Sunday a picked team of Toledo ball players will go to South Bend to play the strong semi-professional team there. The Toledo team will line up as follows: Catcher, Arthur; pitcher, Kelb; first base, Gilks; second base, Beck; third base, Hoffmeister; shortstop, Wetzel; right field, Madden; center field, Hartman; left field, Smith.

Mr. Hartzel is playing ball every day in Louisville's right field, is batting above .333 and is executing field plays that make even the leaguers stare. In the first game of the Boston series, which Louisville won, 4 2, Hartzel virtually won for his team when he pulled a fly from Stahl off the right field fence and then threw to second so fast that he caught Bobby Lowe trying to advance on the out.

BEHIND THE MONEY.

Anaconda Won the Fastest Six-Heat Race of the Season—Eagle Flannagan Trots the Fastest Mile.

TERRE HAUTE, Sept. 22—The fastest heats in a trotting race this year were reeled off by Scott Hudson's many-time winner, Eagle Flanagan, in the 2:10 trot, when the Kentucky gelding, with a mark of 2:09¾, trotted three heats in 2:06½, 2:07½, and 2:08¾. The fastest previous heat in trotting this season has been 2:08½. The six heats in the sensational 2:05 pace were also the fastest six heats paced this year, the average being 2:06.

The day was full of exciting work. Eagle Flannagan sold as the favorite and won in straight heats, each time fighting it out in the stretch inch by inch—in the first heat with Dione, in the second with the big stallion Caid, and in the last with Caracalla. Caid's finish in 2:08 in the second heat will make him a favorite in the Transylvania stake at Lexington.

The 2:05 pace was a duel between Bumps, Directly, and Anaconda. Bumps, by taking the first and second heats in 2:04¼ and 2:04½, was looked upon as a certain winner, when the third heat fell to the handsome son of the great Direct, but Keating's fast California gelding, Anaconda, guided by the veteran McHenry, broke in and won the next three heats. This is the first time Anaconda and Directly had met this year. They sold about equal in the pools.

Star Pointer starts to today beat his record. Driver McClary says he is in tip-top condition for a great mile. The summaries:

2:05 Pace; Purse, $1,500.—Anaconda, (McHenry,) 4, 5, 6, 1, 1, 1; Bumps, (Watson,) 1, 1, 2, 8, 8, 3; Directly, (West,) 6, 6, 2, 2, 7, 2; Rubenstein, (Laird,) 5, 2, 3, 7, 2, ro; Parker S., (Kivels,) 9, 3, 4, 5, 4, ro; Frank Bogash, (Bogash,) 8, 7, 8, 4, 5, ro; Giles Noyes, (Rush,) 7, 9, 9, 3, 5, ro; Ananias, (Keyes,) 2, 8, 7, 6, 3, ro; William Mc., (Green,) 3, 4, 5, dis. GRAND CIRCUIT WINNINGS.

Mattie Patterson proved a big winner in the Grand circuit races, which were brought to a close with the Portland meeting. She won $9,250 in stakes, taking five firsts and two seconds. Her time is 2:09½. John Nolan, 2:09¾, leads the list with $10,750. Directum Kelly, 2:08¼, won $10,500, Mattie Patterson being third. Spice Silk, 2:09¼, won $8,425, while The Abbot, 2:08¾, and Searchlight, 2:04½, each won nearly $6,000. Frank Bogash, 2:04¼, landed $4,250, while Grattan Boy, 2:08¼, made $250 less. Chehalis, 2:04¼, and Egozen, 2:06¼, each made about the same, $3,500. Dione, 2:09¼, won $3,250. Bumps, 2:03¼, has landed but $2,625. The winners of amounts over $500 in this year's circuit number over 100.

A more pitiful sight than a mother and her child, both captives and shackled in a dungeon, could not well be imagined. There are thousands of mothers and their babies who lie shackled by disease in the dungeon of death.

Without knowing it, or having the faintest comprehension of it, the fault lies with the mother. Too many women enter upon the responsibilities of wifehood and motherhood while suffering from weakness and disease of the delicate and important organs that make wifehood and motherhood possible. A woman who suffers in this way cannot be a capable wife and a competent mother. Before entering upon the duties and responsibilities of these positions, she should see to it that her health, both general and local, is thoroughly restored. Dr. Pierce's Favorite Prescription is the best of all medicines for this purpose. It acts directly on the sensitive organs concerned, making them strong, healthy and vigorous. It promotes regularity of the functions, allays irritation and inflammation, heals ulceration, checks unnatural and exhausting drains and soothes pain. It tones and builds up the shattered nerves. It turns the dangers and pains of maternity into safety and ease. It is a medicine that is intended for this one purpose only and is good for no other. Dealers sell it and no honest dealer will suggest a substitute.

"Dr. Pierce's Favorite Prescription did me so much good that today I am well again and stronger than I have been for years," writes Mrs. Alex. Leckie of Wise, Isabella Co., Mich. "I have a baby one year old and as fat and healthy as one could wish to see. I took two bottles of 'Favorite Prescription.' I keep Dr. Pierce's Pleasant Pellets in the house all the time. My family take no other kind of pills."

We are having a rush of business this week. Call and see why. See our window display prices.

Hoffman, this afternoon, elicited the information that the condition of Miss Kate Hoffman is improved, though she still suffers from the injury to her forehead. Many friends who have anxiously awaited the outcome of the injury will be glad to know that her case is now considered safely out of danger.

Mrs. Helen Bullock will this evening lecture at the Baptist church on rescue work. She was president of the rescue home at Elmira, N. Y., for many years and has had wide experience in that line of work. Mrs. Bullock is a Baptist, but her work has been indorsed by ladies from all the different churches in the country. An invitation is extended to all the ladies in the city interested in the work to be present at the meeting. Miss Philley will recite and Clint Wilson will render several solos.

Herman Michaels will shortly place the building at the corner of Calhoun and Jefferson streets, in readiness for renting. The store room will soon be vacated by Henry Niemann, the grocer who has occupied it for many years, and Mr. Michaels says he will remodel it to suit any tenant who may engage it. It was stated that Mr. Michaels' son, in Chicago, might come to Fort Wayne to open a drug store in the building, but this is denied by the owner, who says that his son has made no arrangements to come here for the present as he already has a drug business in Chicago. His son would not locate in this room, at any rate.

John T. Dougall, city editor of the News, has purchased of Jefferson Dickerson the residence at the northeast corner of Main and Lafayette streets and will make it his permanent home. It is one of the attractive properties of that locality.

The colored people of the city have been warned by letter to be on their guard against a man and woman who are traveling about the country representing that they are collecting money for a new colored church to be established in South Bend. The man pretends to be a minister of the gospel.

The board of public works will meet tonight in regular session. Assessment rolls will be presented for the Barthold street sewer and for the new pavement from Lewis street to the south depot. Bids will be opened for a clay pipe sewer in the alley between Fletcher avenue and Grant avenue, from Penn street to the first alley north, and for a sewer in the alley between Alliger and Penn streets, from Fletcher avenue to Grant avenue. Good-Bye to Indiana Gas.

[Bluffton News.]

The Indiana gas field will be drawn on this winter in greater quantities than ever before. No less than five hundred new wells will be sunk in the various parts of the field between now and fall for the winter supply. Many are becoming alarmed at the enormous drain anticipated and as the supply of gas is not inexhaustable, such a great number of wells on the territory in addition to the thousands already will, no doubt, give it a severe test. The Fort Wayne Gas company, which gets its supply from Blackford county, has been busy all summer putting down wells.
